Alma Mater

High above the St. Croix waters, striving towards the sky,
 Stands our dear old Alma Mater; hail to St. Croix High.
 St. Croix High to thee we're loyal, and we'll always be...
 Proud we are of this dear high school; Hail, O Hail to thee, to thee; Hail to St. Croix High.

School Song

To St. Croix High we're loyal
 For our honor it is due
 And we'll ever stand defenders
 Of our colors white and blue.

Let our spirits be unconquered
 In the classroom and the gym.
 Send a challenge to our rivals.
 Let them know we're out to win.

REPORT OF STUDENT PROGRESS

The St. Croix Falls School District provides a wide range of support to students to help them do their best in school, including Freshman Focus, Saturday School and math tutoring. Some students experience personal issues in their lives that adversely affect how they perform academically in school. These students may choose to seek assistance from the guidance counselor. A licensed private, for-pay counselor is available by appointment for students needing more intense services. Financial assistance is available for students **without medical insurance coverage**. If you have any questions about these counseling services, or if for some reason you do not want your child to participate in these services, you should contact the high school counselor at 715-483-9824 ext. 1303.

STUDENT SCHEDULE CHANGES

Student schedule changes must be done prior to the start of the school year. If a student wishes to drop a class after the semester has started, this change needs to be made in the first two days of the semester. Students may drop a class at the end of the semester if there is another class available to them. Students may be denied their request to drop a class if class enrollment numbers are below fourteen. All dropped classes require an Add/Drop form that needs to be signed by a parent, the teacher of the course dropped and the teacher of the course added. Students who withdraw from a class after the drop/add deadline will need approval from the principal and will receive an F in that course.

The School District is required to pay for the course(s) if no comparable course is offered at SCF High School. All courses must be approved by the School Board.

ATTENDANCE POLICIES AND PROCEDURES

STUDENT ATTENDANCE POLICY 431

The Board of Education encourages a strong partnership between the home, school, and community. It recognizes a positive relationship between good school attendance and success in school and employment. If student learning and growth are to take place, parents/guardians, students and school personnel must recognize their responsibilities to assure regular attendance.

The Board, in recognition of the statutory requirements for school attendance and the overwhelming public need for an educated society, believes school attendance should take precedence over non-school activities. State law requires every child between six and 18 years of age to be in school attendance unless he/she:

1. Is excused temporarily for physical or mental health reasons, or other reasons defined by the Board.
2. Has graduated.
3. Has been authorized to attend an alternative educational program.
4. Has been excused by his/her parent/guardian prior to an absence in accordance with state law.

It is the responsibility of any person having under his/her control such a child to ensure regular attendance during the full period and hours that school is in session until the end of the quarter or semester of the school year in which the child becomes 18 years of age.
It is the responsibility of the parent/guardian to notify the school of student absences in accordance with established District procedures. When students are absent from school, parents/guardians assume full responsibility for their activities. It is the responsibility of the principal, or designee, to determine whether the absence is acceptable (excused) or not acceptable (truant).

STUDENT ATTENDANCE PROCEDURES

St. Croix Falls High School is a closed campus. Appointments should be made outside of the school day as much as possible. Students are to be in attendance and will not or may not be allowed to run errands during their lunch or study hall.

School Attendance Officer

The principal or designee shall serve as the school attendance officer for each school in the District. The school attendance officer shall deal with all matters relating to school attendance and truancy.

Student Attendance

a. The responsibility for regular school attendance is a responsibility that should be shared by parents, students and school.

b. Excused Absences- All excused absences require parent/guardian verification.

(1) Parent-Excused Absences

*Parents are authorized to excuse their child from school attendance for any reason, up to a maximum of 10 days in a school year.
*A family trip that can be taken only during the normal school term. The intent of this statement is to provide opportunity for students to accompany their parent/guardian on a vacation that cannot be scheduled when school is not in session. A parent/guardian shall be required to notify the principal or designee prior to leaving on vacation to notify the school in writing, a minimum of two days prior to the absence. A phone call or personal contact two days ahead from a parent or guardian prior to the absence will also be required to verify the absence for the purpose of reviewing the student's attendance record, overall performance record and to provide make-up work. Students are required to obtain an advanced make-up form from the office; only after a phone call or note have been received. All work must be made up prior to the absence unless other arrangements have been made with the instructor.

Detention may be assigned for not following school procedures. After 10 days of parent-excused absence, all absences become principal-excused absences.

(2) Principal-Excused Absences

*If a student is absent (for reasons listed below), parents/guardians must call the school office by 9:00 a.m. on the day of the absence at 715-483-2507, ext.1301.

*If a call has not been received, the parent will be contacted by phone or letter.

*When a student returns after an absence, the parent/guardian must send a written, signed note or place a phone call the following day that explains the absence if contact had not been made on the day of the absence.

**The absence will be unexcused without parental contact and the student may become truant if no parental contact is made within 24 hours.

(excessive tardies may be unexcused).

*When a student is late in reporting to school in the morning, he/she is to report to the office before going to class. If the tardy is excused, he/she will be given a pass; if the tardy is unexcused, he/she may receive a detention or suspension.

* In some cases prior approval may be indicated.

The principal may excuse absences for the following reasons:

(a) Personal illness of the student (excessive absences for illness may require a signed physician's statement, excusing the student from attendance)

(b) Bonafide religious holiday with advance notice.

- (c) Death, serious illness in the immediate family, or personal family emergencies that may affect the physical and/or emotional health of the child.
- (d) Court appearance or other legal procedure that requires the attendance of the student.
- (e) Medical or dental appointments that cannot be arranged outside of school hours.
- (f) Other absences may be excused with prior approval from the building principal.
- (3) Truancy includes absences of any sort, which do not meet the criteria outlined in (1) and (2) above.

c. Unexcused Absences - These are absences from school for reasons other than those listed in (1) and (2) above. The building principal will deal directly with the student absent for reasons classified as unexcused and will use judgment and discretion in dealing with each individual case. The principal may use any or all of the following methods in dealing with students who have an unexcused absence or with their parents/guardians

- 1. Conference and counseling with student;
 - 2. Make up of lost time (detention);
 - 3. Make up of lost work with or without credit being extended for the work done (it is the student's responsibility to contact the teacher and arrange for make-up work and exams);
 - 4. Required parent conference;
 - 5. Referral to the appropriate agency or to a court of law under state compulsory attendance/truancy laws.
- * Any unexcused absence may result in a referral to the police department for truancy.**

d. Truancy - "Truancy" means any absence of part or all of one or more days from school during which the principal or teacher has not been notified of the legal cause of such absence by the parent/guardian of the absent student for the purpose of defeating the state's compulsory school attendance law. Truancy notices shall be sent to the student's parent/guardian in accordance with state law requirements.

e. Habitual Truancy - "Habitual truant" is defined as a student who is absent from school without an acceptable excuse for part or all of five or more days on which school is held during a school semester. Notice of habitual truancy shall be sent to a student's parent/guardian in accordance with state law requirements. Polk County and the City of St. Croix Falls have enacted an ordinance prohibiting a student from being a habitual truant. The St. Croix Falls School District will make every effort to work with students and parents/guardians in promoting student attendance in school. However, habitual truants will be referred to the courts in accordance with state law and provisions of the District's truancy plan. The District's truancy plan shall be reviewed and, if appropriate, revised at least once every two years.

***Any absence beyond 10 days may be considered unexcused and as such is subject to referral for truancy to the municipal and /or county courts.**

f. Tardy/Late Arrivals - Students arriving late to school must sign in at the school office and receive a pass from a school official or secretary. Tardy is before 8:30, after 8:30 it will be marked absent.

*If a student is tardy to school or class more than three (3) times during a school semester (per class) for any reason, excused or unexcused, the student may be required to make up any additional time missed and possibly given an office detention. Three unexcused tardies will be considered one absence. Ten tardies will result in a warning for truancy. Fifteen tardies will be filed at municipal court for truancy.

g. Checking Out - If a student must leave the campus or building during the day for any reason, permission must be obtained from parents and the school office. The student must sign out through the office. A school official will provide a pass after parents have been contacted. If parents cannot be contacted, the student may be required to stay in school.

If a parent permission form is on file, the student will be issued a pass for a school sanctioned activity.

h. Homework and independent practice make up an essential component of the learning process for students.

When students are absent, an opportunity to make up work shall be provided. For excused absences, makeup work receives credit; for unexcused absences, **makeup work** receives no credit.

Students who are absent one day . . .

- *will take previously announced quizzes and tests and hand in previously assigned work the day they return to class.
- *Assignments made and/or quizzes//tests given in their absence should be made up upon returning to school.

Students who are absent multiple days . . .

*are afforded one day of makeup for each day missed. The student is responsible for conferring with the teacher to arrange a make-up schedule.

*Again, makeup work previously assigned is due the day of the student's return.

In the case of pre-arranged absences . . .

*students will deliver to teachers all previously assigned work due during their absence the day they return.

ADMISSION TO SCHOOL

Any student who physically resides in the district for a purpose other than school attendance may be considered a resident student and may be eligible for tuition free admission to the district schools. It shall be the responsibility of the parents or guardian of each student, or of a student of legal age entering the school district, to complete official registration forms prior to assignment by the principal to a grade or schedule of classes.

A student of non-resident parent(s) whose care, custody, and support has been assigned to a resident of the district may attend school without payment of tuition provided appropriate information has been filed with the principal. In such cases, the reason for school admittance must be unrelated to any educational or co-curricular benefits that may be attained by attending a district school rather than a school in the student's resident school district. Proof will be required that the student's residence in the district is for other than educational or co-curricular benefits.

OPEN ENROLLMENT

Open enrollment is available to students and parents. If interested in this option, please contact the District Office or Department of Public Instruction. Open enrollment dates run the first part of February through the end of April for the 2017-2018 school year.

SCF HS STUDENT RULES AND POLICIES

GENERAL EXPECTATIONS FOR SCHOOL BEHAVIOR

Our discipline system is dependent upon the development of a positive partnership between home and school. Our mission, to educate students, is based upon fundamental and basic principles:

1. That student allow teachers to teach
2. That student allow other students to learn
3. Positive self-esteem requires cooperation, hard work, dedication, and a respect for fellow students.

If students choose to break established school rules, there will be appropriate and sequential consequences.

ATTITUDE

Students are encouraged to be honest and trustworthy in all matters, maintain good school spirit and participate in school activities.

DEFINITIONS

Behavioral Contract: A written contract identifies the desired behavior and sets a future time to meet and discuss with the student the progress that he/she is making toward fulfilling the contract. Contracts may be developed for any behavioral reason including in lieu of expulsion proceedings. Contracts may include, but are not limited to, counseling, assessments, UA testing, off-campus placement, and schedule changes.

Detention: Detentions are to be served by the pupil after school, outside of the school day. The length of a detention is determined by the rule that was violated. School staff including all non-teaching staff, may issue a detention through the high school principal.

Due Process: All suspected violations of the behavior policies of St. Croix Falls High School will be directed to the appropriate administrator or designee. The administrator or designee will meet with the student. The facts will be presented, and the person in charge will weigh the evidence, based upon his/her best judgment, before making a decision on the disposition of the student's case, considering both the best interests of the student and the best interest of the school. The student's parents will be informed of the action.

Expulsion: An action taken by the school board to prohibit an enrolled pupil from further attendance. The school board determines expulsions. Students may be suspended up to 15 days pending an expulsion hearing.

Police Contact/Interviews: Students have the right to communicate with the police in a fair and professional manner, and police have legal jurisdiction to interview students at the school. Students have the right to fundamental fairness of treatment and protection of their constitutional rights in all police interviews, interrogations and questioning. Students have the responsibility to cooperate and be truthful. Students have the responsibility to conduct themselves in an orderly manner when talking with police. Students have the responsibility to follow established procedures. All interviews, interrogations or questioning of students will be with full regard of fundamental fairness and protection of legal rights. They shall be conducted as discreetly as possible. Parents shall be notified, **if possible**, and a school representative may be present if the student requests it.

Police Referral: It is the philosophy and belief of the administration at St. Croix Falls High School that the primary responsibility for dealing with student discipline violations rests with us. Thus, we will make every effort to handle such problems in-house, according to the policies and procedures established by the district and the school. However, when violations of state laws or municipal ordinances occur, or when students or parents/guardians refuse to work within the established policies of the district and school, or where security or person or property appears to be in jeopardy, we will involve the police. Acts that are illegal under the Criminal Code of Wisconsin are reported to the police. This referral does not replace the application of school disciplinary action for the same incident. Conversely, the police and the district attorney share information regarding student behavior.

Reasonable Suspicion: "Reasonable suspicion for a search" means grounds sufficient to cause an adult of normal intellect to believe that the search of a particular person, place or thing will lead to the discovery of evidence that the student:

1. Has violated or is violating a rule or behavioral norm contained in the student handbook.
2. Has violated or is violating a particular law.
3. Possesses an item or substance that presents an immediate danger of physical harm or illness to students and staff or district property.

Social Probation: A student who violates rules, loiters, or is generally disruptive at school activities may be placed on social probation for the duration of time suggested by the administration. In most cases this means that the student will not attend any school activities.

Suspension: The act of prohibiting a pupil from attending classes for a period of no more than five (5) school days. The pupil serves the suspension time either in or out of school.

STUDENT TO STUDENT RELATIONSHIPS

Each student has the right to attend school and school activities without fear or threats against feelings, property, or physical wellbeing. Each student is responsible to respect the feelings, property, and the physical well-being of other students, and will refrain from physical and verbal abuse directed at other students, as well as any damage or theft of property of a fellow student. The following are considered infractions of student-to-student relationships:

Disrespect: To insult, call derogatory names, use obscenity toward, dishonor, or in other manner abuse verbally or in writing any member of the student body. Profane and/or threatening language directed at a student. Action will range from detentions to suspension, disorderly conduct ticket or all of the above.

Fighting: Any act of hostile body contact while on school property, or going to or returning from school, including all school activities. A scuffle between students will result in both parties equally disciplined and jointly sharing in paying for damages to private and/or school property. Disciplinary action will range from required counseling suspension, police referral and possible recommendation for expulsion. Unless clearly established by unbiased witnesses, self-defense is not an excuse. Three incidents of fighting or physical attack during a student's four years will result in recommendation for expulsion to the school board.

HARASSMENT AND/OR BULLYING OF STUDENTS: Harassment and/or bullying of students will not be tolerated in the St. Croix Falls Public Schools, which includes any property or vehicles owned, leased or used by the schools. The School Board considers these actions to be detrimental to the health and safety of students, and disruptive to the educational environment.

The educational environment is defined as consistency of every activity under the supervision of each school. For purposes of this policy, harassment and/or bullying are defined as any conscious, willful, or deliberate act or attempted act, through the use of words or actions, which are intended to cause physical injury, emotional distress/suffering or property damage or which impact the learning environment.

Harassment and/or bullying could include acts motivated by, but not limited to, hostility toward the victim's real or perceived sex, race, color, religion, national origin, ancestry, creed, pregnancy, marital status, sexual orientation, gender identity, social, socio-economic or family status, physical attributes, disability/handicap or any other basis protected by state or federal law. Examples of acts of harassment and/or bullying include physical intimidation, force or assault, humiliation, bigoted epithets, vandalism, extortion, oral or written threats, taunting, put downs, name calling, threatening looks or gestures, false accusations, social isolation, retaliating against another student for reporting harassment or bullying, or any other behavior that substantially interferes with a student's school performances or creates an intimidating, hostile or offensive school environment.

All forms of harassment in cyberspace commonly referred to as cyber bullying are unacceptable and viewed as a violation of this policy. Cyber bullying includes but is not limited to the following misuses of technology: harassment, teasing, intimidating, threatening, or terrorizing another person or group of people by sending or posting inappropriate and hurtful e-mail messages, instant messages, text messages, digital pictures or images, or website postings, including blogs or any other messages via cyberspace. For purposes of this policy, "cyberspace" is defined as a global domain within the information environment consisting of the interdependent network of information technology infrastructures, including the Internet, telecommunications networks, computer systems, and embedded processors and controllers.

In situations in which cyber bullying originated off school property or from a non-school computer or telecommunication device, but is brought to the attention of school officials, and disciplinary action shall be based upon whether the conduct is determined to be severely disruptive of the educational process so that it markedly impedes the day to day operations of a school. Such conduct includes, but is not limited to, harassment, bullying or making a threat off school grounds through cyberspace that is intended to endanger the health, safety or property of others at school, a District employee or a school board member.

Any student who believes he/she has been subject to, harassment and/or bullying may file a complaint in accordance with established complaint procedures or may complain directly to the building principal or designee. Filing a complaint or otherwise reporting harassment and/or bullying in good faith will not reflect upon the individual's status nor will it affect his/her grades or benefits provided by the District. The District shall respect the confidentiality of both the complainant and the accused consistent with the District's legal obligations and with the necessity to investigate allegations of misconduct and to take corrective and/or disciplinary action when this conduct has occurred.

Any student or parent/guardian who becomes aware of or witnesses harassment and/or bullying has an obligation to report and will be supported by involved staff members in reporting the bullying/harassment to the proper authorities. Any District employee who becomes aware of or witnesses harassment and/or bullying has an obligation to intervene and report.

Students who engage in harassment and/or bullying in violation of this policy and/or retaliating against an individual for reporting harassment and/or bullying shall be subject to school disciplinary measures consistent with District policies and procedures up to and including suspension and/or expulsion.

SEARCH INFORMATION

Involvement of Law Enforcement Officials

Rather than conduct a search, a school administrator or his or her designee has the right to contact a law enforcement official to take appropriate action. The Wisconsin Supreme Court, in a unanimous decision issued on Friday, June 20, 1997, ruled that police could search a student on school grounds at the request of school officials. The decision allows officers acting at the request of or in conjunction with school authorities to initiate a search based on a "reasonable suspicion" standard and not the more rigorous "probable cause" standard.

Narcotic dogs will periodically be brought into the school to assure that illegal substances are not in school lockers. Any unauthorized items found in the locker will be removed.

Locker

Student lockers are school property and remain, at all times, under the control of the school; however, students are expected to assume full responsibility for the security of the lockers and the items inside. Periodic general inspections of lockers may be conducted by an official, employee or agent of the school district for any reason at any time without notice, without student consent, and without a search warrant.

Personal

A student's person and/or personal effects (e.g., purse, book bag, etc.) may be searched whenever a school authority has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials, with an adult witness present, when feasible.

Student

In order to maintain order and discipline in the schools and to protect the safety and welfare of students and school district personnel, school authorities may search a student or student lockers under the circumstances outlined below and may seize any illegal, unauthorized or contraband materials discovered in the search.

As used, the term "unauthorized" means any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission or process of the school, or any item described as unauthorized in school rules available beforehand to the student.

Vehicle

Any vehicle brought on district premises by a student may be searched when the principal or designee has reasonable suspicion to justify the search.

One of the conditions for granting permission to bring a student operated vehicle onto school premises is written consent of the driver, the owner of the vehicle and the parents of the student to allow a search of that vehicle. Refusal by any of the parties to provide or allow access to a vehicle at the time of a search request shall be cause for law enforcement officials to become involved immediately and terminating the parking privilege.

Law enforcement officials shall conduct searches of vehicles of staff members or visitors.

DETENTION AND SUSPENSION INFORMATION

Detention

- **Teacher Detention:** Teachers may assign detentions at their discretion and according to their classroom management plan. Teachers will call the parent/guardian to discuss the problem. Teacher detentions may be served at the teacher's preference either before school, during lunch, or after school. Teacher detentions may vary in length of time served and the tasks assigned to be performed. Students should make every effort to avoid receiving teacher detentions and serve them if assigned. Failure to serve a teacher detention will result in two office detentions being assigned. Students must be given a 24-hour notice to serve. Teacher detentions will not be noted in the student's disciplinary file unless the teacher indicates otherwise in writing.
- **Office Detention:** Office detentions are assigned by the principal for violations of the code of conduct and of the attendance policy. They may also be assigned for failing to serve a teacher detention, but only by the building principal when notified by a teacher. Office detentions are served after school on **Wednesdays from 3:30 until 4:30**. Students will be given a 24-hour notice to serve unless the student requests to serve it the same day. Office detentions will be noted in the student's disciplinary file and will be reported to the parents/guardians. Failure to serve an office detention may result in either additional detentions or suspension from school. Students will report to the detention room with reading or study materials and will remain actively engaged in reading or studying for the entire period. No noise will be permitted. No jackets or coats (outer garments) will be allowed in the detention room, nor will the consumption of food or drink be allowed. Possession of electronic entertainment devices is prohibited. Students who are removed from detention because of violating rules may be disciplined by serving additional detentions or suspension. **Participation in sports, co-curriculars, or work are not considered reasons to be excused from serving detentions.**

What are the consequences for not making up detention on time?

Penalties for skipping the 1st detention will result in assigning two detentions.

Penalties for skipping the 2nd detention (non-consecutive) will result in 1/2 day of in-school suspension.

Suspension

Suspension from normal school activities may occur for repeated or serious violations of the code of conduct and of the attendance policy. Suspensions may be either in-school or out-of-school at the discretion of the principal and may be one to five days in length, again at the discretion of the principal. The following procedure will be followed:

1. The student shall be fully informed as to the reason for suspension.
2. The student shall be given the opportunity to present his/her version of the incident prior to the proposed suspension

3. The parent or guardian of the suspended student shall be given prompt notice of the suspension and the reason thereof. No student will be released from school for suspension unless a parent or guardian or a person designated by that parent or guardian is notified by telephone. If unable to notify, the Principal shall hold the student at the high school until the end of the day. If a student decides to leave without notification being given, the class time missed will be counted as an unexcused absence.
4. A conference with the parent or guardian may be required.
5. Students will be allowed to make up major exams, and projects.
6. When a student is suspended, they cannot return to school grounds or be present at any school functions until they are reinstated.

POSSESSION OR USE OF WEAPONS

No one shall possess or use a dangerous weapon or look-alike weapon in school buildings, on school grounds, in school vehicles, or at school-sponsored activities. A dangerous weapon or look-alike weapon is defined in state statutes and may include any object which, by the manner in which it is used or intended to be used, is capable of inflicting bodily harm, or could pretend to be capable of inflicting bodily harm, or endangers the health and safety of students or staff. Ammunition and explosives are included within the weapons category.

Any student violating this policy shall be subject to the penalties outlined in the state law. Students who bring a firearm to school will be expelled for one calendar year.

ANIMALS, PETS

Animals may be brought into the classroom for educational purposes. They must be vaccinated as required by local governmental ordinances, appropriately housed, and properly handled. Poisonous and dangerous animals will not be permitted. Persons bringing animals into the school must receive prior permission from the classroom teacher. Animals are not to be transported on school buses. Parents should be involved in the transport of animals to and from school once the classroom teacher grants permission.

ASSOCIATIONS/ORGANIZATIONS

Associations/organization activities that threaten the safety or wellbeing of persons or property on school premises, buses, or behavior that disrupts the school environment are harmful to the education process. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, symbol or any other attribute indicates or implies membership or affiliation with such a group is contrary to the school environment and educational objectives and creates an atmosphere where unlawful acts or violations of school regulations may occur.

Associations/organizations which involve initiations, hazing, intimidations and/or related activities of such group affiliations or any such activities in general which could potentially cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students are prohibited.

ELECTRONIC COMMUNICATION DEVICES

Electronic communication devices (ECDs) include computers, pagers, cell phones, smartphones, portable game units, graphing calculators, and similar electronic equipment. Many of these devices enable users to communicate directly or through internet social networking sites such as Facebook, Snapchat, Instagram and Twitter.

The following rules govern student use of ECDs at school and school activities. School activities include going to and from school, being on campus, attending lunch, and attending school-sponsored/related activities on or off campus. The school does not take responsibility for loss of personal property, including cell phones, I-Pods, or other electronic devices.

Cell phones are prohibited by law from locker rooms and restrooms. Photography with any device is prohibited throughout the school without explicit written consent from the classroom teacher and any individuals who may be photographed.

Cell Phones in Classrooms

Cell phones must be turned off and stowed in classrooms unless the teacher has explicitly instructed students otherwise.

Use of School ECDs

Student use of computers and similar ECDs owned by the school is subject to the conditions set forth in the Acceptable Use Policy that all students and parents must sign indicating that they have read it and agree to comply with its terms.

Students who misuse ECDs in any of the following ways may face discipline including phone confiscation and additional consequences:

- Refusal to Turn Off or turn over an ECD. Students in possession of an ECD must turn it off or relinquish it when directed by a teacher, administrator, coach, counselor, or other school personnel. Students refuse to turn off or relinquish a device may face consequences up to OSS.
- Cheating. Students may not use ECDs in or out of the classroom to get or give answers to tests, to copy information available on the internet and submit it as the student's own work, or to engage in any form of cheating. Students will be subject to the district policy on cheating.

- Cyberbullying. *Bullying* means threatening another person by words (name-calling, dissing, shunning) or by physical force (pushing, shoving, restraining).

Cyberbullying refers to bullying that is done electronically through ECDs and that causes physical or emotional harm to the victim, or disrupts school activities. This form of bullying may either be sent directly to the victim or indirectly through messages sent to others. This includes, but is not limited to, blogging and posting on social networking sites. Students who engage in these behaviors may face consequences up to and including expulsion and referral to law enforcement in accordance with the district’s bullying and harassment policy.

- Harassment. Spoken, written, or graphic attacks against someone made in person or through the use of ECDs that materially disrupt classwork, cause substantial disorder, or create a hostile educational environment for school personnel or students is known as harassment. Harassment because of a person’s race, color, religion, ancestry, national origin, gender, sexual orientation, medical condition, or disability is illegal and absolutely prohibited. Students who engage in these behaviors may face consequences up to and including expulsion and referral to law enforcement in accordance with the district’s bullying and harassment policy.
- Disruption of School Activities. Disruption of school activities occurs:
 - If instruction or educational activities are significantly interrupted,
 - Students and educational personnel are denied access to or cannot focus on classroom or out-of-classroom activities, or
 - Continuous disciplinary measures are necessary to maintain order and protect persons and property from harm.
 Students who engage in these behaviors may face consequences up to and including expulsion.
- Sexting. Sexting means taking, sending, forwarding or asking to receive messages, photos, or videos of persons who are partially or completely undressed or are pretending to or actually performing a sexual act. Students who engage in this behavior may face consequences up to and including expulsion and may be referred to law enforcement under the district’s harassment policy.
- Threats. Students may not use ECDs to communicate a serious intent to harm or assault students or school personnel. Students who threaten others may face consequences up to and including expulsion and may be referred to law enforcement.

Consequences: Based on current acceptable use, the following consequences will apply:

When a student violates the school or classroom cell phone policy, staff should confiscate the phone and turn it into the office. The parent will be called, and may pick up the phone or the student may pick the phone up at the end of the day. The student may either leave the phone at home, or check it in with the office at the beginning of each day for two weeks. If the student is caught using the phone during the two week period, he or she will serve ISS for ½ day.

Students must turn over the ECDs in their possession at school or school-sponsored/related activities to school personnel upon request. Failure to do so will be grounds for disciplinary action. School security, law enforcement, or both may be contacted at the discretion of school personnel.

School administrators and school security may conduct searches of student ECDs when there is reasonable cause to believe that the search will reveal evidence of a violation of one or more of the rules set forth above. The search will be limited to the context within which the alleged misuse occurred.

Use of Student ECDs Away from School

Normally, students have the same rights as any other person outside of school to exercise free speech through the use of their own ECDs. However, if the interests of the school are affected, then such use will subject students to disciplinary action.

Students who use ECDs outside of school to cyberbully, harass, or threaten other students or school personnel will be subject to school discipline. Sexting that originates outside of school may also be subject to discipline if the messages, photos, or videos reach school grounds.

Students will face disciplinary action for off-campus use of ECDs in their possession if they *reasonably knew or should have known* that the off-campus ECD communication would appear on campus and if the effects cause *significant disruption of school activities* or *significant interference with the rights of others* at school or school-sponsored/related activities.

- Significant disruption is evident if:
 - Instruction or educational activities are interrupted,
 - Students and educational personnel are denied access to or cannot focus on classroom or out-of-classroom activities, or
 - Continuous disciplinary measures are necessary to maintain order and protect persons and property from harm.
 Significant interference with the rights of others is evident if:
 - The ability of students to participate and learn in a safe schooling environment is limited by psychological harm, physical harm, or threat of physical harm;
 - The ability of school personnel to carry out their responsibilities is limited through intimidation sufficient to cause psychological

- harm, physical harm, or threats of physical harm; or
- There is reasonable fear of damage to school property or the property of students and school personnel.

No SCFSD user should have any expectation of privacy as to his or her Internet usage or to the privacy of any electronic mail message, file, download, note, or other data stored on or transmitted or received through and SCFSD computing facility. The District will review computing activity and analyze usage patterns and may choose to publicize this data to assure that the District's computing resources are devoted to maintaining the highest standards of educational benefit and productivity.

SCFSD, through appropriate management personnel, reserves the right to inspect any and all data stored in public or private areas of networked and individual storage systems of any kind, without notice or warning, and at any time, for any purpose.

SCFSD uses a filtering system to block sites as deemed necessary and/or appropriate. Offensive, disruptive, or harmful data included, but are not limited to, any messages, files, or data which contain the following:

- Pornographic or erotic images
- Sexual implications
- Racial slurs
- Derogatory gender-specific comments
- Data or activities, which invade the privacy of another person
- Any comment which in any way defames, slanders, or libels another person
- Information or instructions designed to cause physical harm to another person, comments that offensively address a person's age, sexual Orientation, religious or political belief, national origin, or disability.
- Any comment intended to frighten, intimidate, threaten, abuse, annoy, or harass another person.

If a user finds that he/she is connected to a site that contains any of the above material, he/she must disconnect from that site immediately, regardless of whether that site has been previously deemed acceptable by any screening or rating program, and inform the teacher or supervisor of the incident. Similarly, a user is encouraged to inform his/her teacher or supervisor if he/she becomes aware of another user accessing or has accessed material prohibited above.

The District's goal in creating these standards and reporting requirements is to affirmatively set forth content standards for users to be mindful of when accessing these resources on their own.

SCFSD will fully cooperate with requests from law enforcement and regulatory agencies for logs, diaries, data and archives on individuals' computing activities.

C. Systems Management Data Integrity and Security

The District's computing facilities may not be used to download or distribute software or data that is pirated or that is in any manner inconsistent with its license agreement or applicable copyright law or District copyright policy. Any software or files transferred in any manner into or via the District's computing facilities become the property of the District, subject to the restrictions of any existing licensing agreement or applicable copyright law or policy. In any event, such downloaded files, regardless of license or license ownership, may only be used in a manner consistent with the licenses or copyrights, applicable District policy, or other controlling authority.

Predetermined software will be available for staff and students to install.

No one may use the District's computing facilities to propagate any virus, worm, Trojan horse, trap-door program code, or any form of destructive or malicious computer system instruction. Further, users may not propagate any virus "warnings" via electronic mail except to alert appropriate District Technology Department personnel.

Users may not intentionally delete or modify data on the network without consent of SCDS staff. SCFSD computing facilities may not be used to disable or overload any computer system or network or to circumvent any system intended to protect the privacy or security of another user or the user's data.

All data that is transferred into the District's computing facilities must be checked for viruses before it is run or otherwise accessed. On computers where virus scanning takes place automatically, the virus scanning software must not be disabled, modified, uninstalled, or otherwise inactivated.

D. User IDs and Passwords

Every user will be assigned a user ID and password that functions as the user's method of access to the SCFSD computing facilities. Users should guard this information just as they would guard any other identifying material like a bank account number. Therefore, great care should be taken not to share or otherwise disclose this information to another person.

User IDs and passwords should never be written in a noticeable place, written down tighter, or shared with any third party. If a password or user ID is compromised, the network administrator must be informed immediately so the user's account can be temporarily deactivated and a new password assigned.

E. General Information about Devices

Students are required to attend a training session determined by administration. Students are expected to read and understand the care and user guide found on their computer and the ONE-TO-ONE Technology Program Acceptable Use Policy. Students are to treat their devices with care and respect. Devices will be checked randomly to determine if each student has the appropriate device and to access condition of the device. Students who do not have permission to take their device home, may pick up their device in the LMC each morning between 7:50 am and 8:00 am. No devices will be issued after 8:05 am.

Students are encouraged to help each other in learning to operate their devices. However, such help should be provided verbally without touching the other person's device and/or only the user's permission. Passwords should always be kept confidential. Students may never share their password with another student.

Students are required to back up data and other important files regularly to an appropriate storage space (i.e. Dropbox, Google Docs). The SCF Tech Department will, at times, collect laptops for maintenance. All files not backed up to server storage or other storage media will be deleted during these processes. Students are ultimately responsible for backing up all personal files on their own storage media.

If the device is lost, stolen or damaged by another party, parents/guardians should immediately report the loss or theft to the School District of St. Croix Falls administration and the SCF Police Department.

If the device is damaged or not working properly, it must be turned in to the School District of St. Croix Falls' Technology staff for repair or replacement. Neither students nor parents/guardians are authorized to attempt repairs themselves, or contract with any other individual or business for the repair of the device.

Access to Internet services and online communication is given to students who agree to act in a considerate and responsible manner. Freedom of speech and access to information are rights to be exercised within the bounds of acceptable standards of the St. Croix Falls School District policies. Students should be aware that Internet, e-mail and other media that are accessed, created, or stored on their devices are the sole property of the District. The SCFSD staff have the right to review these items to maintain system integrity and ensure that students are using the

system and resources responsibly. *Students should not expect that files stored on District-provided resources will be private. District administrator(s) may limit or revoke a student's access to any file(s) at any time for any reason.*

The electronic information available to students and staff does not imply endorsement of the content by the school district or does the District guarantee the accuracy of information received on the Internet. The District shall not be responsible for any information that may be lost, damaged, or available when using the network.

Teachers will educate and monitor student use of technology and Internet. Students will be guided toward appropriate and educational resources.
