A Letter from Superintendent Craig Broeren ~ Fall 2025

Saints Families-

I sincerely hope that you have enjoyed your summer thus far! I cannot believe that we are already very near to the start of the 25-26 school year, but I do know that I am excited for our students and staff to return; this District has the absolute best students and staff making it a phenomenal organization and outstanding place to work.

As we begin a new school year together, I am filled with gratitude and enthusiasm to be returning for my second year as your Superintendent. It has been an honor to serve this incredible community, and I am excited to continue the work we've started: building on our strengths, embracing new opportunities, and growing together in support of every student.

Our district's spirit, rooted in resilience, pride, and a deep commitment to one another, has inspired me time and again. This year, we move forward with renewed energy and a clear focus: ensuring that every child in St. Croix Falls not only learns and grows, but also feels seen, valued, and empowered.

There have been some changes in staffing, schedules, etc., which will be communicated to families as necessary by relevant schools; nonetheless, in light of recent events, there have been some broader changes District-wide as well. I wanted our families to be aware that our staff will remain extra vigilant throughout the school year while we also continue to enhance our focus on school safety and security. Changes we have implemented will not likely be readily apparent to those who do not visit the school with regular frequency, but we appreciate your patience and understanding as we implement these changes to better ensure our students and staff remain as safe as possible.

What most visitors will experience is less "free" access to buildings (particularly at the High School as a result of the proximity of the office to the entrance) as well as additional questions at all of our schools before being allowed entry. In the High School, visitors will be directed to enter the District Office (immediately to your right upon entering the first set of doors) at which time staff will contact the individual the visitor is coming to see and/or bring them to the appropriate location. We also have plans to enhance video surveillance accessibility to all school offices and the District office for better/ easier viewing of visitors.

Additionally, and perhaps most importantly, our buildings will ensure that all of our students know that if they see or hear something regarding a potential school threat, to tell school staff immediately. I also ask that our parents discuss this with their child(ren). As a reminder, school threats can be reported anonymously as well using the Speak Up Speak Out (SUSO) platform available on our website here:
<https://www.scf.k12.wi.us/district/susoscf.cfm>

Together, as families, educators, and community members, we are shaping the future. I believe strongly that our collective efforts can and will make a lasting difference. Thank you for the trust you place in us, and thank you for being a vital part of our school community.
Enjoy the remainder of the summer and feel free to contact me with any questions you may have.

Sincerely,

Craig G. Broeren

A NOTE FROM THE HIGH SCHOOL PRINCIPAL **Mike Wilson**

Greetings, high school students and families,

Welcome back to school! As I enter my second year as high school principal, I feel energized and confident to lead our building to greater heights. Our students are the nucleus of our school community, and their energy and excitement are the catalyst for success. It is always important for our students to feel comfortable, welcome, and ready to learn. As a staff, we will strive to foster this type of environment.

Safety and security are as important as ever. Finding a balance between keeping everyone safe and creating a positive learning environment can be challenging. Note that this school year, as in the past, our doors will be locked during school hours. To enter, drop something off, or to speak with a staff member, you will be asked to identify yourself at the door buzzer and explain the reason for your visit. We appreciate your cooperation with school and student safety in mind.

New Staff: This year, we welcome two new staff members to our team:

- **Mr. Dustin Vickerman** has a Bachelor's degree from UW-La Crosse and a Master's degree from Southeastern Oklahoma State. He will be teaching business education and is the head football coach. Mr. Vickerman comes to SCFHS with a passion and commitment to success, which is evident in the amount of time he has spent this summer getting ready for the start of the school year and football season.
- **Mr. Zach Bartsch** is the new band director. He has a Bachelor's degree from UW-Eau Claire and a Master's degree from Concordia College-Moorhead. He has already spent countless hours at school this summer with students getting ready for the marching season.

Open House: All students and families are invited to attend the annual open house between *4-8 PM on Wednesday, August 20th*. A free picnic dinner will be served in the commons beginning at 4:30 PM. Students are invited to move supplies into their lockers and explore the high school, meet their teachers, and prepare for the new year.

Freshmen Orientation: The Class of 2029 freshmen orientation will also be on *August 20th. At 5:30 PM in the Fine Arts Center*, a short presentation will be given to freshmen and their parents, welcoming them to high school. The rest of the evening is open for freshmen to explore and acclimate to the high school.

A NOTE FROM THE HIGH SCHOOL PRINCIPAL

Opening week 2025-26:

- The first day of school, *Tuesday, August 26th*, will be a FRESHMEN-ONLY day at the high school. We have a full-day schedule for the 9th-grade students, involving all of our staff. No other high school students should attend this day.
- *Wednesday, August 27th*, all students will get their school pictures taken. Students will go through their regular class schedule for the first time and receive their school-issued Chromebooks in class. This is an important day for students to attend to kick off the new school year. If your student will be leaving or absent on any of these days, please call the high school office to approve the absence.
- *Thursday, August 28th*, is another regular school day for all students.
- NO SCHOOL on *Friday, August 29th* or *Monday, September 1*.
- *Tuesday, September 2*, all students back to school.

Communication reminders: Our students do their best when the school and the home are on the same page. We encourage open communication, whether you have questions, concerns, or positive feedback to share. Email communication is the most convenient for teaching staff as they are actively teaching most of the day and can reply to an email during their non-teaching time.

I am looking forward to a great school year. As always, you may connect with me via email at wilsomi@scfschools.com or call 715-483-9824 ext. 1302.

Parenting of a student with a disability can be overwhelming. Thousands of questions run through your head. What type of accommodations and support should my child be getting at school? What type of support should I be giving my child at home? What's an IEP? Is there support after high school? This letter should serve as a guide to answering some of those questions.

A NOTE FROM THE MIDDLE SCHOOL PRINCIPAL **Kris Wallace**

Dear St. Croix Falls Middle School Families,

I hope that your summers have been rejuvenating and you are now turning your attention to the upcoming school year.

My name is Kris Wallace and I am thrilled to start my first year as St. Croix Falls Middle School principal. I have been in education for 21 years, with the last 4 years as middle school principal in Grantsburg. Prior to that I was a science teacher and coach at SCF middle school for 10 years.

I am extremely excited to return to the district and help to make your child's experience truly world class. To make sure our year gets off to a great start, I wanted to pass along some useful information.

Open House

Open House for our middle school will be on August 20th from 4:00 to 8:00 pm. This event is intended for all middle school families to have the opportunity to meet staff, drop off school supplies and pay school fees.

New Parent Meeting

There will be a parent meeting during the Open House, August 20, at 6:15 in the Fine Arts Center for parents new to the middle school - 5th grade parents and parents new to the district. We will talk about how to access the computer programs used at the middle school, student Chromebooks, and other information to help your student be successful.

Camp Middle School

Camp Middle School is an orientation for 5th graders to get acclimated to their new building. In the past this happened prior to the start of the school year, however this year Camp Middle School for 5th graders will be a part of the first day of Jump Start on August 26th.

The students will follow a special orientation schedule that day and learn all the ins and outs of being a middle schooler. 5th grade parents should refer to an email about 5th grade orientation for more details.

A NOTE FROM THE MIDDLE SCHOOL PRINCIPAL

Attendance reminders

Make sure to call the office at (715) 483-7727 in the morning if your student will be out for the day, is going to be late or you are picking up your student early from school. If you are going on a trip or your student will be gone for an extended period of time, contact the Middle School office to get a prearranged absence form.

Please remind your student to see the school nurse before calling home if they don't feel well. If a student needs to leave early, remind them to stop by the office to sign out before exiting the building through the main entrance.

Drop off and Pick up

When dropping off and picking up students from the middle school please use the drive through by the middle school office entrance. While waiting for your student to be picked up either wait in the drive through area or in the parking lot directly across from the turn around. Do not wait or line up on the roadway along the softball and baseball fields. It congests those roadways and causes unsafe driving conditions.

As middle school principal, it is my goal to foster a supportive environment for all students who walk in the doors of SCF middle school. I look forward to working with you to help your child reach their immense potential. Please feel free to contact me if you have any questions or concerns.

A NOTE FROM THE ELEMENTARY SCHOOL PRINCIPAL **Rita Platt**

Dear SCF and Dresser Elementary School Families,

Welcome back to what promises to be a WONDERFUL start to a new school year! I am thrilled to welcome back returning Saints and meet our newest Saints as well.

As we get geared up, I want to share some reminders with you.

General Reminders

School hours are 8:07-3:19 (SCF ES) and 8:17-3:09 (Dresser ES). This year, for the first time, kindergarten will be at the SCF location, and 4K will be at Dresser!

We have many family events throughout the school year, but during the day, we only allow visitors in by appointment. We love parents and know that you love your kiddos. But we live in a time and place where not every grown-up is safe or has the best interests of kids at heart. We can't pick and choose who to let in and who to keep out.

My number one job as a principal is to keep our Little Saints safe, and I take that responsibility very seriously. This year, however, we have designated one day for each grade for parents to come eat breakfast at school with their children.

The dates are tentatively set (see table). As the date approaches, I will send home invitations that you will need to RSVP for. I hope this is fun for all of us!

Grade	Breakfast Date
4K	Wed, 9/17
K	Wed, 9/24
1	Tuesday, 10/7
2	Tuesday, 10/21
3	Tuesday, 11/11
4	Tuesday, 11/18

If your child is going to be absent, has a transportation change, or will be picked up early, you **MUST** send a written note. If you have a last-minute change, please call the office at 715-483-9826 x1100.

We cannot use email or ClassTag for this. If a teacher was absent or too busy teaching to check electronic communication, we wouldn't get the message.

Please help us out by following the guidelines above.

We send information and photos through ClassTag. Please follow the teacher's instructions to get the app. Some have asked why we don't send paper copies of much anymore. There are three reasons:

1. It is increasingly difficult to get the ink delivered on time.
2. Paper copies cost the district a substantial amount of money that could be better spent.
3. It's not environmentally friendly.

Watch ClassTag, Facebook, and the SCF/Dresser Schools website for information.

A NOTE FROM THE ELEMENTARY SCHOOL PRINCIPAL

Please go to PowerSchool and fill out the annual forms under “student forms.” It’s essential that we have your current information. If you have any questions, contact Eimile Chelberg, our fabulous school secretary at chelbei@scfschools.com.

School Pictures

Dresser and St. Croix Falls Elementary School will have Cahill Studios out to take school pictures on 9/3. Retake day will be 10/7.

Please note that the process for purchasing pictures from the district's provider has changed. Picture ordering will occur through the vendor's online platform after the pictures have been taken.

This will necessitate the district providing the vendor with home email addresses. If you do not want your email address shared with this company, please notify your student's building office by August 12, 2025. Please ensure that your email address is up-to-date in our system if you’ve changed it since registering your child.

Parking/Drop Off/Pick Up Reminders

The parking lot can be a very dangerous place. I often see folks driving fast, texting, or being otherwise distracted. My goal is to protect our precious Saints, not to bug you! But, sometimes one seems to come with the other!

Please remember to:

- Park in designated spaces only.
- At morning drop-off in the turnaround at the SCF Elementary, go to the end of the circle to let your student out and keep the flow of traffic moving. No vehicles are allowed in the circle after school.
- Please model safe walking by always using the sidewalks. We don’t want the children to think it’s okay to walk in the street.

Finding a balance between keeping our kiddos as safe as possible and creating the warm and welcoming feel I want is tricky. There are steps we must take that may unintentionally make families feel unwelcome. That breaks my heart.

Please remember that I care about each member of our school community and always welcome feedback. Reach out. I would be happy to make time to chat. Connecting with families is one of the most rewarding aspects of my job.

A NOTE FROM THE ELEMENTARY SCHOOL PRINCIPAL

School-Home Collaboration

The staff and I realize that parents are a child's first and best teachers. We need you. You can rely on us to do our best with your sweetie pies and to support you as parents, and we ask you to do the following to support our work.

- Speak kindly of school and teachers. Research has found that parents' verbalized perception of a school has a profound impact on student learning and behavior. Staying positive is amazingly powerful!
- Organize your day so that children read for 20 minutes each day. This is a homework expectation for every Dresser and SCF ES student. If your little darling can't read, please read to her/him. Additionally, students should spend 5 minutes on math fact practice and/or spelling practice each day as needed. If you need support getting this going at your house, let me know. I truly love to help!
- Limit free-play electronics to an hour a day maximum and encourage as much outdoor and creative play as possible! We live in one of the most beautiful places on the planet. Let's pledge to enjoy it this year!
- Consider joining our amazing parent group, POES (Parents of the Elementary Saints). Check with me for information.
- Communicate with us! Please follow the Saint Croix Falls School District Facebook page at www.facebook.com/scfschools and share your updated email information.
- Read the Student Handbook; it is filled with information you will find helpful.

Please remember that we need you just as much as you need us. We serve children best when we try to be on the same page. Please reach out with questions, concerns, and suggestions as they arise. Also, reach out with compliments. The teachers are always on overdrive, trying to do the very best they can. Your words of encouragement mean a lot.

Thank you so much for sharing your children with us. We promise to teach, love, nurture, and help them grow.

ALL SCHOOL REMINDERS

Parents: This is a reminder on attendance. Per our student handbooks, each student is allowed **ten (10)** parent excused days each school year. A parent or guardian is required to notify the school when a child is absent from school. When taking a vacation, we require at least two days notification before being absent from school.

Students arriving late to school require a parental note or phone call and must sign in at the office window and receive a pass from one of the school secretaries for class. Being tardy for school beyond the time specified in your school's handbook will result in your student being marked absent. Accumulating multiple tardies, excused or unexcused, to any class, will result in detentions.

For the specific school attendance policies, please visit our school website. If you have any attendance questions, or you are calling to excuse your student, please call your school's office.

Transportation Department Basic Information

The St. Croix Falls School District Transportation Department is happy to serve you! Our drivers are fully certified, trained, experienced, professional, and dedicated to getting students to and from school safely. We know that drivers are the first school employees your children see in the morning and the last in the afternoon and we take pride in getting to know and supporting students as they grow and learn.

Below you will find general information about transportation systems. The stop schedule is located on the district website under "Transportation." We will update it quarterly. www.scf.k12.wi.us/district/transportation.cfm

Please be on time to your bus stop, and have students out of the house/vehicle they are waiting in so they are ready to hop on the bus. Arriving a few minutes early to your stop can help the driver stay on schedule. Please be at stop 5 minutes before time given and up to 5 minutes, after due to weather and traffic conditions.

When needed we reach out to families through our PowerSchool communication system. It is critical that your email addresses and phone numbers are kept up to date.

School Bus Safety Regulations & Consequences for Infractions

Whether riding the bus is a daily occurrence for your student(s) or just for special occasions, sports, or field trips, we must work together to ensure safe rides. The drivers must have orderly riders. Drivers have to focus on the road and appropriate behavior from passengers is essential to the safety of all.

That means that riders must:

- stay quiet (a reasonable voice level is a level where children can converse comfortably with those s/he shares a seat with.)
- stay seated and facing forward with their legs, arms, and feet out of the aisle.
- be polite and respectful to the driver and fellow passengers.
- not eat or drink on the bus.
- follow the driver's directions.

If a passenger doesn't meet these expectations, the driver and/or school administrator will follow the protocol below:

1. Issue a verbal warning to the passenger.
2. Issue a written warning and contact parent.
3. Issue a bus suspension.
4. Exclude from bus services.

The steps above may be skipped if the nature of the disciplinary issue is deemed to significantly impact the safety of riders. However, the drivers and school administrators will work with families to solve problems proactively.

Other Information

- Guest Riders: If your student does not regularly ride the school bus, but you are planning on having them ride home to a friend's house or to another destination, please contact your child's school through a written note or a phone call. This must be done in advance so that we can be sure space is available.
- Multiple Stops: If you have a student that needs to be picked up or dropped off at different stops due to having multiple households or after school activities - please contact the Transportation Office and discuss the schedule in advance with us. That way we can have your student rostered on all appropriate routes ahead of time.

Changes in Transportation:

- For short-term changes (ex: a student who usually rides will be a parent pick-up, a student is not riding for a week due to an after school activity, a student is going home with a cousin, etc) please contact your child's school through a written note or a phone call.
- For long-term changes (ex: you have moved and have a new address) please contact the transportation department directly or your child's school and request the information be passed on to transportation.

Communication:

Please feel free to reach out to us if you have questions, concerns, or even compliments!

DPI MANDATORY NOTICES 2025-26

CONFIDENTIALITY OF PERSONALLY IDENTIFIABLE INFORMATION OBTAINED THROUGH CHILD FIND ACTIVITIES

The School District of St. Croix Falls is required to locate, identify, and evaluate all children with disabilities, including children with disabilities attending private schools in the school district, and homeless children. The process of locating, identifying, and evaluating children with disabilities is known as child find. This agency conducts the following child find activities each year: 1) the District provides opportunities for referrals and screening at any time, 2) the District does Child Find Days for 4-K students, 3) the District accepts referrals and does early childhood screening, and 4) the Polk County's birth to three program refers students to the school district for screening. This notice informs parents of the records that the school district will develop and maintain as part of its Child Find activities. This notice also informs parents of their rights regarding any records that may be developed.

The school district gathers personally identifiable information on any child who participates in child find activities. Parents, teachers, and other professionals provide information to the school related to the child's academic performance, behavior, and health. This information is used to determine whether the child needs special education services. Personally identifiable information directly related to a child and maintained by the school is a pupil record. Pupil records include records maintained in any way, including, but not limited to, computer storage media, video and audiotape, film, microfilm, and microfiche. Records maintained for personal use by a teacher and not available to others, and records available only to persons involved in the psychological treatment of a child, are not pupil records.

The school district maintains several classes of pupil records.

- "Progress records" include grades, courses the child has taken, the child's attendance record, immunization records, required lead screening records, and records of school extra-curricular activities. Progress records must be maintained for at least five years after the child ceases to be enrolled.
- "Behavioral records" include such records as psychological tests, personality evaluations, records of conversations, written statements relating specifically to the pupil's behavior, tests relating specifically to achievement or measurement of ability, physical health records other than immunization and lead screening records, law enforcement officers' records, and other pupil records that are not "progress records." Law enforcement officers' records are maintained separately from other pupil records. Behavioral records may be maintained for no longer than one year after the child graduates or otherwise ceases to be enrolled, unless the parent specifies in writing that the records may be maintained for a longer period of time. The school district informs parents when pupil records are no longer needed to provide special education. At the request of the child's parents, the school district destroys the information that is no longer needed.
- "Directory data" includes the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, photographs, degrees and awards received, and the name of the school most recently previously attended by the student.
- "Pupil physical health records" include basic health information about a pupil, including the pupil's immunization records, an emergency medical card, a log of first aid and medicine administered to the pupil, an athletic permit card, a record concerning the pupil's ability to participate in an education program, any required lead screening records, the results of any routine screening test, such as for hearing, vision or scoliosis, and any follow-up to the test, and any other basic health information, as determined by the state superintendent. Any pupil record relating to a pupil's physical health that is not a pupil physical health record is treated as a patient health care record under sections 146.81 to 146.84, Wisconsin Statutes. Any pupil record concerning HIV testing is treated as provided under section 252.15, Wisconsin Statutes.

The Family Educational Rights and Privacy Act (FERPA), the Individuals with Disabilities Education Act (IDEA), and section 118.125, Wisconsin Statutes, afford parents and students over 18 years of age ("eligible students") the following rights with respect to education records:

- The right to inspect and review the student's education records within 45 days of receipt of the request. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the records(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. The school district will comply with the request without unnecessary delay and before any meeting about an individualized education program, or any due process hearing, and in no case more than 45 days after the request has been made. If any record includes information on more than one child, the parents of those children have the right to inspect and review only the information about their child or to be informed of that specific information. Upon request, the school district will give a parent or eligible student a copy of the progress records and a copy of the behavioral records. Upon request, the school district will give the parent or eligible student a list of the types and locations of education records collected, maintained, or used by the district for special education. The school district will respond to reasonable requests for explanations and interpretations of the records. A representative of the parent may inspect and review the records.

DPI MANDATORY NOTICES 2025-26

- The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask St. Croix Falls School District to amend a record that they believe is inaccurate or misleading. They should write to the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record, the district will notify the parent or eligible student of the decision and the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information in the student's education records, except to the extent that federal and state law authorize disclosure without consent. The exceptions are stated in 34 CFR 99.31, Family Educational Rights and Privacy Act regulations; Sec. 9528, PL107-110, No Child Left Behind Act of 2001; and section 118.125(2)(a) to (m) and sub. (2m), Wisconsin Statutes. One exception that permits disclosure without consent is disclosures to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. Also, the district discloses "directory data" without consent, unless the parent notifies the district that it may not be released without prior parental consent.
- The right to file a complaint with the U. S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DC 20202-4605.

SCHOOL DISTRICT OF ST. CROIX FALLS ANNUAL NOTICE OF SPECIAL EDUCATION REFERRAL AND EVALUATION PROCEDURES

- Upon request, the School District of St. Croix Falls is required to evaluate a child for eligibility for special education services. A request for evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child needs special education services. The district locates, identifies, and evaluates all children with disabilities who are enrolled by their parents in private (including religious) schools, elementary schools and secondary schools located in the school district.
- A physician, nurse, psychologist, social worker, or administrator of a social agency, who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made.
- Others, including parents, who reasonably believe a child is a child with a disability, may also refer the child, including a homeless child, to the school district in which the child resides.
- Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting [Austin Franzen, School Psychologist, School District of St. Croix Falls, at \(715\) 483-2507 ext. 1203 or franzau@scfschools.com](mailto:franzau@scfschools.com); or by writing to the School District of St. Croix Falls, PO Box 130, St. Croix Falls, WI 54024. Referrals can also be made to Shelly Schmitz, Director of Special Education at 715-483-1410 or schmish@scfschools.com.

CHANGE IN IDENTIFICATION OF SPECIFIC LEARNING DISABILITIES

Wisconsin's rule for identifying students with specific learning disabilities (SLD) has changed. No later than December 1, 2015, all initial SLD evaluations of public school students will use information from interventions to make eligibility decisions.

This article is to notify you that beginning on August 11, 2015, initial SLD evaluations in the St. Croix Falls School District will begin using information from a student's response to intensive, scientific research based, or evidence-based interventions when making special education eligibility decisions.

If you have any questions or would like more information, please contact Shelly Schmitz, Director of Special Education, at 715- 483-1410 or schmish@scfschools.com.

DPI MANDATORY NOTICES 2025-26

NOTICE OF SPECIAL NEEDS SCHOLARSHIP PROGRAM

This notice serves to inform parents and guardians of students with disabilities that the State of Wisconsin has established the Special Needs Scholarship Program. Under this scholarship program and as further specified in state law, a qualifying child with a disability may be eligible to receive a scholarship from the Department of Public Instruction (DPI) that allows the child to attend an eligible private school in Wisconsin that is participating in the Special Needs Scholarship Program.

This is a state-administered program. A parent or guardian who is interested in the Special Needs Scholarship Program should independently verify the participating private schools and the specific terms, eligibility criteria, and application procedures of the scholarship program with the DPI.

The Special Needs Scholarship Program is further defined under section 115.7915 of the state statutes. Additional information about the program is available on the website of the Wisconsin Department of Public Instruction:
<https://dpi.wi.gov/sms/special-needsscholarship>.

SCHOOL DISTRICT OF ST. CROIX FALLS STUDENT SEARCHES/USE OF CANINES IN STUDENT SEARCHES POLICY 446

It is the policy of the District to provide a safe and healthy environment for all persons in school buildings and on school premises. School officials have a duty to investigate any suspicion that items or materials harmful to the health and safety of students, school personnel, or property are present within the school or on school premises. This includes, but is not limited to, conducting search activities as outlined in this or other Board policies.

- Locker Searches – A school locker is provided for the convenience of the student to be used solely and exclusively for the storage of the student's apparel and school-related materials during the time the student is attending school. No student shall use the locker for any other purpose. The locker is assigned to a student but remains the property of the District. At no time does the District relinquish its exclusive control of the lockers. Locker searches may be conducted as determined necessary or appropriate without notice, without student consent, and without a search warrant. Locker searches under this policy may be conducted by the District Administrator, a building principal or assistant principal, a school employee specifically designated by the District Administrator or building principal, a school liaison officer, or other law enforcement official who is acting at the request of or in conjunction with school authorities.
- Search of Students and/or Their Personal Belongings – District staff may conduct a search of a student or the student's personal belongings (e.g., backpacks) when the student voluntarily consents to the search or where there is reasonable suspicion that the student has in his/her possession items that violate the law, Board policies or school rules. The search shall be conducted in a reasonable manner and must not be overly intrusive in light of the age and sex of the student and nature of the infraction. Searches of a student's person or personal belongings should generally be conducted outside the presence of other students. No District official, employee, or person acting as an agent of the District shall conduct a strip search of a student.
- Vehicle Searches – The District may search student-operated vehicles parked on school premises when there is reasonable suspicion of a violation of the law, Board policies or school rules or the student has given consent to the search of the vehicle.
- Use of Canine Units in Safety and Search-Related Activities – The School Board authorizes the use of trained canine units to detect the presence of drugs, explosive devices, or other illegal items/substances on school property under the following conditions: (1) the presence of the canine unit on school property is authorized in advance by the District Administrator or designee or is pursuant to a court order or warrant; (2) a law enforcement officer specifically trained to work safely and competently with the canine unit must handle the canine; and (3) the canine unit is represented by the sheriff or chief of the law enforcement agency providing the service as capable of accurately detecting specific contraband. The District shall not use trained canine units to sniff a student's person, including articles of clothing a student is wearing or a bag while the student is holding it. A positive reaction by a trained canine unit will provide reasonable suspicion for a search of a student's locker, vehicle or other property in accordance with this policy.

To the extent prohibited by law, school employees shall not request or require a student to disclose the access information for any of the student's personal Internet accounts.

To the extent permitted by law, a school official conducting student-related search activities under this or any other Board policy may request the active assistance of a school liaison officer or other law enforcement official. School officials may remove any unauthorized item found as a result of a search. Items belonging to the student but removed or temporarily confiscated by the District will generally be held by the school for return to the student's parent or guardian (for students who are minors) or, if appropriate, turned over to law enforcement. The student and his/her parent or guardian shall be notified of any unauthorized item belonging to the student/family that has been found and turned over to law enforcement officials.

Students and their parents and guardians shall be informed of this policy and the specific provisions related to locker

SCHOOL DISTRICT OF ST. CROIX FALLS EQUAL EDUCATIONAL OPPORTUNITY POLICY 411

The School District of St. Croix Falls is committed to equal educational opportunity for all students in the District.

The right of the student to be admitted to school and to participate fully in curricular, co-curricular, student services, recreational or other programs or activities shall not be unlawfully abridged or impaired because of a student's sex, race, religion, color, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, physical, mental, emotional or learning disability, or any other legally-protected status or classification. Accordingly, the School Board prohibits all forms of unlawful discrimination against students, regardless of the legally-protected status or classification that serves as the basis for any prohibited discriminatory conduct, policy, or practice. When based upon a legally-protected status or classification, examples of unlawful and discriminatory acts can include:

1. The denial of admission to any public school;
2. The denial of participation in, equal access to, or the benefits of any curricular, extracurricular, student services, recreational or other program/activity;
3. The discriminatory and inequitable provision of resources among comparable curricular or extracurricular programs;
4. Any action, policy, or practice, including segregation, bias, stereotyping, or student harassment, which is detrimental to a person or group of persons and differentiates or distinguishes among persons, or which limits or denies a person or group of persons opportunities, privileges, roles or rewards based, in whole or in part, on a legally-protected classification or characteristic.

Children of homeless individuals and unaccompanied youth (youth not in the custody of a parent or guardian) as identified under federal law shall have equal access to the same free, appropriate public education, including comparable services, as those provided to other children and youth who reside in the District. Homeless children and youth shall not be required to attend a separate school or program for homeless children and shall not be stigmatized by school personnel.

The District shall provide all appropriate and legally required accommodations, educational services, and/or programs for students who have been identified as having a disability, regardless of the nature or severity of the disability and regardless of whether the student qualifies for the District's special education program. Facilities modifications necessary to provide for appropriate access and participation for persons with disabilities shall be made to the extent required by law.

Requests for such accommodations shall be made in writing and shall be submitted to and acted upon by the building principal. Accommodations may include, but are not necessarily limited to, being excused from participation in an activity, alternative assignments, release time from school to participate in religious activities, and opportunities to make up work missed due to religious observances. Any such accommodations granted under this policy shall be provided to students without prejudicial effect.

This policy shall not be interpreted to prohibit the District from (1) providing special programs or services based on student need, including gifted and talented, special education, school-age parents, bilingual bicultural, at risk, and other special programs; or (2) placing a student in a school, program, class, or activity based on objective standards of individual need or performance. All District career and technical education opportunities will be offered to students on a nondiscriminatory basis and in a manner consistent with this policy.

Complaints alleging a violation of any aspect of this policy may be filed and shall be processed in accordance with the District's student discrimination complaint procedures, as adopted in connection with this policy.

By following required procedures and timelines, complaints of unlawful student discrimination may also be filed externally with the Wisconsin Department of Public Instruction, the Chicago office of the U.S. Department of Education's Office for Civil Rights, or, in appropriate circumstances, with any state or federal court or other agency of competent jurisdiction.

Designation of Compliance Officer. The administrator holding the following position is designated as the District's equal educational opportunities compliance officer ("Compliance Officer"):

Brian Kray, Director of Instruction and Technology (kraybr@scfsschools.com), St. Croix Falls School District, 715-483-9823

DPI MANDATORY NOTICES 2025-26

The Compliance Officer is authorized to receive complaints brought under this policy and its related complaint procedures. The Compliance Officer also serves as the District's Title IX Coordinator (sex discrimination and sexual harassment issues and complaints) and Section 504 and Americans with Disabilities Act Coordinator (disability rights and disability-based discrimination issues) for all student and all non-employment related matters. The District Administrator's designee shall perform the duties of the Compliance Officer if the Compliance Officer is temporarily unavailable or if a complaint involves any alleged improper conduct by the Compliance Officer.

Confidentiality of Reports and Complaints. Although absolute confidentiality cannot be assured, the District will maintain the confidentiality of discrimination reports and complaints to the extent required by any applicable law, and the District will otherwise make efforts to maintain confidentiality where non-disclosure does not interfere with the District's ability to appropriately process and respond to the report or complaint. Nonetheless, investigating a matter often involves disclosing (directly or indirectly) the identity of persons involved in the particular events/issues. Individuals who have specific concerns about confidentiality should arrange to discuss those concerns with the District as early as possible in the process.

Retaliation Prohibited. No employee, officer, agent or representative of the District shall unlawfully retaliate against, harass, intimidate or otherwise impose any improper consequence against any person who (1) pursues any complaint under this policy and its related complaint procedure; or (2) otherwise participates in the resolution of any report, complaint, or investigation involving an alleged violation of this policy. Further, any act of retaliation, harassment, or intimidation performed by a student against any such persons who are involved in the complaint process would itself constitute a violation of school rules and District policy, and subject the student to appropriate disciplinary action.

Abuse of Process Prohibited. Failure to act in good faith while participating in the resolution of any report, complaint, or investigation under this policy or its related complaint procedure constitutes an abuse of process and subjects an employee or student to potential discipline. Abuse of process includes the pursuit of a complaint that the complaining party knows to be false or wholly frivolous, the intentional provision of false or misleading information during the processing of a complaint or other investigation, and other actions that constitute a violation of any District policy or rules.

TITLE IX NOTICE OF NONDISCRIMINATION

The St. Croix Falls School District prohibits sex discrimination in any education program or activity that we operate; individuals may report concerns or direct questions to:

Brian Kray, Title IX Coordinator, at: kraybr@scfschools.com or by phone at 715-483-9823 x1253.

Title IX Nondiscrimination Policy Statement – As mandated by the current provisions of Title IX of the Education Amendments of 1972 and under the regulations set forth in Chapter 106 of Title 34 of the Code of Federal Regulations (“the federal Title IX regulations”), the District does not unlawfully discriminate on the basis of sex in any education program or activity that the District operates. Title IX's requirement not to discriminate in any education program or activity extends to cover, but is not limited to, District students, certain admissions processes, and District employment. Inquiries regarding how Title IX and the federal Title IX regulations apply to the District may be referred to a District Title IX Coordinator, Brian Kray, to the Assistant Secretary for Civil Rights at the U.S. Department of Education, or to both.

The District's commitment to nondiscrimination under Title IX and under other state and federal laws is further defined in the following policies of the School Board: Policy 113, Policy 411, Policy 411.1, Policy 511, and Policy 512.

NONDISCRIMINATION STATEMENTS AND DISSEMINATION OF POLICY AND DISCRIMINATION COMPLAINT PROCEDURES

In addition to including express nondiscrimination statements in other Board policies where required by law:

1. A legal notice of this policy and its accompanying complaint procedures shall be published at the beginning of each school year in the District's official newspaper.
2. A student nondiscrimination statement shall be included in student and staff handbooks, course selection handbooks, and other similar published materials distributed to the public describing school activities and opportunities.
3. The student discrimination complaint procedures shall be disseminated to students, parents and guardians, employees, and others to inform them about the proper process for submitting a complaint. The information shall be published in student, parent, and staff handbooks, and the procedures or a reference to the procedures may be published or posted in other appropriate locations (e.g., the District website, guidance offices).

DPI MANDATORY NOTICES 2025-26

MAINTENANCE OF COMPLAINT RECORDS; REPORTS AND EVALUATIONS

The District's equal educational opportunities compliance officer shall be responsible for ensuring that the District maintains adequate records of complaints filed under the District's student discrimination complaint procedures and for directing the timely preparation of the annual or other reports and evaluations regarding nondiscrimination initiatives and compliance that the District is required to conduct and/or provide to the Department of Public Instruction. In addition, the District is required to formally evaluate the status of nondiscrimination and equality of educational opportunity in the District at least once every five years.

SCHOOL DISTRICT OF ST. CROIX FALLS MAINTENANCE AND CONFIDENTIALITY OF STUDENT RECORDS 347

Student records shall be maintained in the School District of St. Croix Falls to assist school personnel in providing appropriate education experiences for each student in the District.

The Board recognizes the need for confidentiality of student records. Therefore, the District shall maintain the confidentiality of student records at collection, storage, disclosure and destruction. Student records shall be available for inspection or release only with prior approval of the parent or adult student, except in a situation where legal requirements specify release of records without such prior approval. The building principal or the qualified designee shall be present to interpret behavioral records when inspection is made.

Building principals shall have the primary responsibility for the collection, maintenance and dissemination of student records in accordance with state and federal laws and established procedures. Upon transfer of student records to the Central Administrative Office, the District Administrator or his qualified designee shall assume these duties.

Student record notices shall be published annually in accordance with state and federal law.

SCHOOL DISTRICT OF ST. CROIX FALLS STUDENT RECORDS 347 EXHIBIT 1

The St. Croix Falls School District maintains student records for each student attending school in the District. These records include: (1) student progress records – courses taken, grades, immunization records, extracurricular activities and attendance; and (2) student behavioral records – psychological tests, personality evaluations, records of conversations, written statements relating specifically to an individual student's behavior, tests relating specifically to achievement or measurement of ability, physical health records other than immunization records, law enforcement agency records obtained by the District and any other student records which are not progress records.

State and federal laws require that the maintenance of student records assure confidentiality. The District has also adopted a student records policy and procedures. This notice is subject to state and federal laws and the District's policy and procedures. Accordingly, the following shall apply in the District:

1. An adult student, or the parent(s) or guardian(s) of a minor student, has the right to inspect, review, and obtain copies of the student's school records upon request in accordance with established District procedures. The District will respond to such requests without unnecessary delay. Copies of the District's student records procedures are available upon request at the School District Office.
2. An adult student, or the parent(s) or guardian of a minor student, has the right to request the amendment of the student's school records if he/she believes the records are inaccurate, misleading or otherwise in violation of the student's privacy rights. Complaints regarding the content of student records may be made in accordance with established District procedures. Copies of the District's procedures are available upon request as outlined above.

DPI MANDATORY NOTICES 2025-26

3. An adult student, or the parent(s) or guardian(s) of a minor student, has the right to consent to the disclosure of information contained in the student's school records, except to the extent that state and federal laws authorize disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials determined to have legitimate educational or safety interests in the records. A "school official" is a person employed by the District who is required by the Department of Public Instruction to hold a license; a law enforcement officer(s) who is individually designated by the School Board and assigned to the District; a person employed by or working on behalf of the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and police-school liaison personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a specific task (such as an attorney, hearing officer, auditor, medical consultant or therapist); or a person serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a "legitimate educational interest" if the official needs to review a student record in order to fulfill his/her professional or District responsibility. The District also, upon request, forwards a student's records to another school without consent in accordance with state law for purposes related to the student's enrollment or transfer. District procedures outline the specific reasons for disclosure without consent and are available upon request as outlined above.
4. An adult student, or the parent(s) or guardian(s) of a minor student, has the right to file a complaint with the U.S. Department of Education for alleged District noncompliance with federal Family Educational Rights and Privacy Act (FERPA) requirements. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5920.

Student Directory Data

The School Board has designated the following student record information as directory data:

Student's name; recorded images of the student that are not being maintained by the District for a separate purpose as a behavioral record; student's school/grade level; degrees and awards received by the student; student's participation in officially recognized activities and sports; weight and height of members of athletic teams; the name of the school most recently previously attended by the student; student's dates of attendance (not including daily attendance records); student's date of birth; student's home address; student's telephone number; and student's place of birth.

The District may disclose this information as directory data unless a parent, adult student, or other person authorized by law has informed the District in writing that all or any part of this record information may not be released without appropriate prior consent. After the District issues this annual notice near the beginning of each fall session, and after issuing similar notice upon a student's initial enrollment and registration in the District or re-enrollment following a gap in enrollment, the parent, guardian, or adult student will have 14 days from the date the notice is issued to inform the school that all or any part of the student's directory data may not be released without prior consent. During such 14-day periods, the District will avoid any release of the student's directory data that is not separately authorized or required by law. In addition, using procedures established by the administration, a parent or guardian (or adult student, if applicable) may make, modify, or withdraw any previous opt-out decision regarding directory data at any time.

Disclosure of High School Students' Contact Information

Federal law requires the District to provide institutions of higher education and military recruiters, upon their request, with the following contact information for high school students unless an eligible adult student or a minor student's parent or guardian, has notified the District that such information shall not be released without the prior written consent of a parent or guardian (or adult student, if applicable):

1. To institutions of higher education: a high school student's name, address, and telephone number.
2. To military recruiters: a high school student's name, address, telephone number, and electronic mail address.

Notice of a decision to opt out of the automatic disclosure of such contact information for a high school student may be submitted at any time. To opt out, the high school office should be notified in writing. The parent/guardian must sign such a request.

SCHOOL DISTRICT OF ST. CROIX FALLS STUDENT DIRECTORY DATA 347.1 EXHIBIT 2 OPT-OUT FROM STUDENT DIRECTORY DATA AND DISCLOSURES OF STUDENT CONTACT INFORMATION

(Completing this form is optional.)

The District has designated the following student information as “directory data” in order to facilitate each student’s full participation in a variety of school-related activities and publications (such as school yearbooks, acknowledging student awards/achievements, and creating programs for graduation ceremonies, athletic contests, and music/fine arts productions):

- Name
- School/grade level
- Date of birth
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees and awards received by the student
- Recorded images of the student (when not separately maintained as behavioral records)
- Dates of attendance (not including daily attendance records)
- The name of the school most recently previously attended by the student

When information is designated as directory data, it means that the School District may generally disclose the information without obtaining advance consent, provided that the disclosure is consistent with applicable District policy and with the District’s directory data notice. Please be aware that student directory data may sometimes be disclosed to third parties who are not affiliated with the School District. However, parents and guardians (and students over age 18) have the right to notify the District, in writing, that any or all of a student’s directory data may not be disclosed without advance consent.

Independent of the District’s designation of student “directory data” items, federal law separately requires the District to provide institutions of higher education and military recruiters, upon their request, with high school students’ contact information unless an eligible student or the parent or guardian of a minor student has opted out of such disclosures. The contact information the District is required to provide to colleges and military recruiters includes a high school student’s name, address, and telephone number, and, for military recruiters only, a student’s electronic mail address. When the terms “contact information” or “student contact information” are used in this form, they are referring to those specific data items for high school students. When a parent, guardian, or adult student wishes to opt-out of District disclosures of (1) student directory data; and/or (2) student contact information to military recruiters and institutions of higher education, they should fill out this OPTIONAL form and return the form to the main office of the school in which the student is currently enrolled. A parent or guardian (or adult student, if applicable) may use this form to make, modify, or withdraw opt-out decisions at any time, but should allow a reasonable period of time for such decisions to be processed. Unless the District provides written notice to the contrary, an opt-out decision made using this form will remain in effect until it is modified or withdrawn by an appropriate party.

OPT-OUT FROM STUDENT DIRECTORY DATA AND DISCLOSURES OF STUDENT CONTACT INFORMATION

(Completing this form is optional.)

Before completing this form, please review all accompanying information, including the following:

- Opting out of the School District’s disclosure of directory data for certain uses that are in direct connection to school-sponsored activities and school-sponsored publications/communications may affect a student’s ability to fully participate in some school functions and activities.
- Opting out of the disclosure of directory data and/or contact information using this form does not prevent the School District from disclosing student records without consent (including records that contain directory data) if the District determines that there is a separate exception to the confidentiality of the records that authorizes or requires the disclosure.
- A decision to opt out of the School District’s disclosure of a student’s name as directory data cannot be used to prevent the school from using, or requiring the student to use, the student’s name (or an equivalent identifier permitted by the school) in any school-sponsored activities (e.g., classes).

- (1) the use, possession or distribution of alcohol or a controlled substance by a student enrolled in the District,
- (2) the illegal possession of a dangerous weapon by a child,
- (3) an act for which a District student was taken into custody based on the law enforcement officer's belief that he/she violated or was violating any state or federal criminal laws, and
- (4) the act for which a juvenile enrolled in the District was adjudged delinquent. The law enforcement agency may provide such record information to the District on its own initiative or on the request of the District Administrator or designee, subject to the agency's official policy. The District may also enter into an interagency agreement with law enforcement and other appropriate agencies to provide for the routine disclosure of record information in accordance with state law provisions. If a law enforcement agency denies access to any of the aforementioned records, the District may file a petition with the court seeking access to the records based on legitimate educational or safety interests in the records.

b. "**Court records**" include those records received from a court clerk concerning a juvenile enrolled in the District who:

- (1) has had a petition filed with a court alleging that he/she has committed a delinquent act that would be a felony if committed by an adult,
- (2) has been adjudged delinquent,

d. "**Patient health care records**" include all records relating to the health of a student prepared by or under the supervision of a health care provider which are not included in the student "physical health records" definition above. Any record that is required to be treated as a patient health care record is subject to different disclosure and confidentiality requirements than other behavioral records.

3. Directory data are those student records designated in the District's student directory data policy 347.1.

B. CONFIDENTIALITY -

All student records are confidential, subject to (1) the following exceptions, (2) any other disclosures of student records that may be mandated by state or federal law, and (3) any more specific restrictions on disclosure that are imposed by a state or federal law that protects specific records to a greater extent than provided under these procedures:

1. Release of Student Records to Students and Parents or Guardians

a. A student or the parent or guardian of a minor student shall, upon request, be shown and provided with a copy of the student's progress records.

DPI MANDATORY NOTICES 2025-26

b. To the extent authorized by state and federal law, an adult student or the parent or guardian of a minor student shall, upon request, be shown the student's behavioral records in the presence of a person qualified to explain and interpret the records. Such a student or parent or guardian shall, upon request, be provided with a copy of the behavioral records.

c. To the extent authorized by state and federal law, a parent shall have access to a student's school records regardless of whether the parent has legal custody of the child, unless the parent has been denied periods of physical placement with the child as ordered by the court.

d. Personally identifiable information from an adult student's records may be disclosed to the student's parent(s) or guardian(s), without the adult student's written consent, if the adult student is a dependent of his/her parent(s) or guardian(s) under the Internal Revenue Code. However, disclosure under this paragraph shall not be made when an adult student has informed the school, in writing, that the information may not be disclosed.

2. Access to Student Records (Other than Patient Health Care Records) by School Officials

a. School officials shall have access to a student's records only if they have a legitimate educational interest, including safety interest, in the record. A "school official" is a person employed by the District who is required by the Department of Public Instruction (DPI) to hold a license; a law enforcement officer(s) who is individually designated by the Board and assigned to the District, a person who is employed by or working on behalf of the District as an administrator, supervisor, instructor or support staff member (including health or medical staff); a person serving on the Board; a person or company with whom the District has contracted to perform a specific task (such as an attorney, hearing officer, auditor, medical consultant or therapist); or a person serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a "legitimate educational interest" if the official needs to review a student record in order to fulfill his/her professional or District responsibility.

b. Law enforcement agency record information received by the District may be made available to those school officials with legitimate educational interests, including safety interests, in the information. If law enforcement agency record information obtained by the District relates to a District student, the information may also be disclosed to those District employees who have been designated by the Board to receive that information for the purpose of providing treatment programs for District students. The information may not be used as the sole basis for suspending or expelling a student from school, or as the sole basis for taking any other disciplinary action against a student, except action under the District's athletic/activity code.

c. Court records obtained by the District must be disclosed to District employees who work directly with the juvenile named in the records or who have been determined by the Board to have legitimate educational interests, including safety interests, in the information. An employee cannot further disclose the information, and the information cannot be used as the sole basis for suspending or expelling a student from school, or as the sole basis for taking any other disciplinary action against a student, except action under the District's athletic/activity code.

d. Notwithstanding their confidential status, student records may be used in suspension and expulsion proceedings and by individualized education program teams under special education laws.

3. Release of Student Progress and Behavioral Records (Other Than Patient Health Care Records) to Others

a. Student records shall be disclosed at the request or order of a court. The District will make a reasonable effort to notify a parent or guardian of a court order for disclosure of student records prior to complying with the order except when (1) a parent or guardian is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of such a proceeding; (2) the court order itself prohibits such notice; (3) or any applicable law prohibits disclosure of the order to the parent or guardian.

b. If school attendance is a condition of a student's court dispositional order under state law, the District shall notify the court or, if the student is under the supervision of an agency, the agency that is responsible for supervising the student within five days after any violation of the condition by the student.

c. A law enforcement agency shall be provided a copy of a student's attendance record if the law enforcement agency certifies in writing that the student is under investigation for truancy or for allegedly committing a criminal or delinquent act and that the law enforcement agency will not further disclose the student's attendance record information except as permitted by law. When a student's attendance record is disclosed to a law enforcement agency for purposes of truancy, the student's parent or guardian shall be notified of that disclosure as soon as practicable after the disclosure.

d. A fire investigator shall be provided a copy of a student's attendance record if the fire investigator certifies in writing that: (1) the student is under investigation for arson; (2) the student's attendance record is necessary for the fire investigator to pursue his/her investigation; and (3) the fire investigator will use and further disclose the student's attendance record only for the purpose of pursuing that investigation.

e. The District may disclose student records to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of any individual. In making this determination, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of

DPI MANDATORY NOTICES 2025-26

a student or other individuals, it may disclose information from student records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals. The District shall record the following information when it discloses student record information under this exception: (1) the articulable and significant threat to the health or safety of a student or other individuals that formed the basis for the disclosure; and (2) the parties to whom the District disclosed the information.

f. For any purpose concerning the juvenile justice system and the system's ability to effectively serve a student, prior to adjudication:

(1) The District shall disclose pertinent student records to an investigating law enforcement agency or district attorney if the person to whom the records are disclosed certifies in writing that the records concern the juvenile justice system and the system's ability to effectively serve the student, relate to an ongoing investigation or pending delinquency petition, and will not be disclosed to any other person except as otherwise authorized by law.

(2) The District may disclose student records to a city attorney, corporation counsel, agency as defined in section 938.78(1) of the state statutes, intake worker under section 48.067 or 938.067 of the statutes, court of record, municipal court, private school or another school board if disclosure is pursuant to an interagency agreement and the person to whom the records are disclosed certifies in writing that the records will not be disclosed to any other person except as otherwise authorized by law. This disclosure can be made for any purpose concerning the juvenile justice system and the system's ability to serve a student prior to adjudication.

g. On request, the District may disclose student records that are pertinent to addressing a student's educational needs to a caseworker or other representative of the Department of Children and Families, a county department under sections 46.215, 46.22 or 46.23 of the state statutes, or a tribal organization, as defined in 25 USC 450b(L), that is legally responsible for the care and protection of the student, if the caseworker or other representative is authorized by the department, county department, or tribal organization to access the student's case plan.

h. The District, when reporting a crime that may have been committed by a student with a disability, is required to ensure that copies of the student's special education and disciplinary records are provided to the law enforcement authorities to whom the District has reported the crime. However, such disclosures must be pursuant to an applicable provision for disclosure under state and federal student records law. In general, the District will consider the following: (1) whether disclosure of the records is appropriate due to the existence of a health and safety emergency; and (2) if no imminent emergency exists, whether parent or guardian consent has been obtained for the disclosure or whether some other basis exists under the state and federal student records laws.

i. The District shall make student records available for inspection or, upon request, disclose the contents of student records to authorized representatives of the Department of Corrections, the Department of Health Services, the Department of Children and Families, the Department of Justice, or a district attorney for use in the prosecution of any proceeding or any evaluation conducted under Chapter 980 of the state statutes (related to commitment of sexually violent persons), if the student records involve or relate to an individual who is the subject of the proceeding or evaluation.

j. Upon the written permission of an adult student, or the parent or guardian of a minor student, the school shall make available to the person named in the permission form the student's progress records or such portion of his/her behavioral records as determined by the person authorizing the release. Law enforcement records may not be made available under this exception unless specifically identified by the adult student or by the parent or guardian of a minor student in the written request.

k. Student records shall be provided to a court in response to a subpoena by parties to an action for in camera inspection, to be used only for purposes of impeachment of any witness who has testified in the action. The District will make a reasonable effort to notify a parent or guardian of the subpoena prior to complying with the subpoena except when (1) a parent or guardian is a party to a court proceeding involving child abuse and neglect or dependency matters and the subpoena is issued in the context of such a proceeding; (2) the subpoena itself prohibits such notice; (3) or any applicable law prohibits disclosure of the subpoena to the parent or guardian.

l. Under conditions where the disclosure is permitted under both state and federal law, the District shall provide to the DPI, or another authorized federal, state, or local agency, or such an agency's authorized representative, any student record information that relates to an audit, evaluation, or any compliance or enforcement activity, that is associated with a federal or state-supported education program. In the case of disclosures to DPI, the District shall provide student records needed by the department to determine compliance with requirements under Chapters 115 to 121 of the state statutes. Student records may also be provided to the DPI for other purposes consistent with both state and federal law.

m. Information from a student's immunization records shall be made available to state and local health officials to carry out immunization requirements. Summary student immunization data shall be reported. Individual student information for those students out of compliance with school immunization laws shall not be reported to the local health department or to the District Attorney without specific written parental consent for the reporting.

n. Upon request and after obtaining written consent to the extent required by federal law, the names of students who have withdrawn from school prior to graduation to participate in a program leading to high school graduation or an equivalency diploma shall be provided to the technical college district board in which the public school is located or, for verification of eligibility for public assistance, to the Department of Health Services, the Department of Children and Families or a county department under section 46.215, 46.22 or 46.23 of the state statutes.

DPI MANDATORY NOTICES 2025-26

o. Annually, on or before August 15, the District shall report to the appropriate community services boards established under sections 51.42 and 51.437 the names of students who reside in the District, who are 16 years of age or older, who are not expected to be enrolled in an educational program two years from the date of the report and who may require services under section 51.42 or 51.437 (community mental health, development disabilities, alcoholism and drug abuse). The parent(s) or guardian(s) of such students shall be contacted to obtain informed consent prior to making such a report.

p. The District shall provide student records necessary for purposes of open enrollment in another public school district to the extent required by law. These records may include copies of any individualized education program (IEP) that has been developed for a student with a disability and the following student discipline-related records:

- (1) A copy of any expulsion findings and orders or records of any pending disciplinary proceedings involving the student;
- (2) A written explanation of the reasons for the expulsion or pending disciplinary proceedings; and
- (3) The length of the term of the expulsion or the possible outcomes of the pending proceedings.

4. Release of Patient Health Care Records

All student patient health care records shall remain confidential. They may be released only to persons specifically designated in state law or to other persons with the informed consent of the patient or a person authorized by the patient. Student patient health care records maintained by the District may only be released without informed consent to a District employee or agent if any of the following apply:

- a. The employee or agent has responsibility for the preparation or storage of patient health care records.
- b. Access to patient health care records is necessary to comply with a requirement in federal or state law.

Any record that concerns the results of a test for the presence of HIV or antibody to HIV (the virus which causes acquired immunodeficiency syndrome—AIDS) shall be confidential and may be disclosed only with the informed written consent of the test subject.

5. Release of Directory Data

Student directory data may be disclosed only as outlined in the District's student directory data policy – 347.1.

When reviewing student directory data requests, as well as when implementing other provisions of these procedures, consideration shall be given to applicable provisions of the public records law and the District's policy and procedures dealing with public records.

6. Transfer of Records

The District shall transfer to another school (including private schools and out-of-state schools) or school district all student records relating to a specific student (including disciplinary and other behavioral records; and not including records treated as patient health care records or certain treatment records for which informed consent for disclosure has not been obtained) if it has received written notice:

- a. from an adult student or the parent or guardian of a minor student that the student intends to enroll in the other school or school district;
- b. from the other school or school district that the student has enrolled; or
- c. from a court that a student has been placed in a secured correctional facility, secured child caring institution or a secured group home.

The District forwards student records as requested so long as the disclosure is for purposes related to the student's enrollment or transfer.

Student records shall be transferred no later than the next working day of receiving the records transfer request.

C. MAINTENANCE, DISCLOSURE, AND DESTRUCTION OF STUDENT RECORDS

1. While students are attending school, their records will be maintained in the school of attendance. Upon transfer of the student to another school operated by the District, the records shall be transferred to that school. Patient health care records, law enforcement agency and law enforcement unit records shall be maintained separately from a student's other records.

2. The Director of Special Education shall provide each building principal with procedural and other technical assistance for the purpose of ensuring the confidentiality of all student records kept at the principal's school. Except as otherwise provided, all requests for inspection or for transfer to another school or school district should be directed to the building principal who will determine whether inspection or transfer is permitted under state and federal law and these procedures. The building principal or his/ her qualified designee shall be present to interpret behavioral records when such a request has been made by the parent, guardian, or adult student. Upon transfer of student records to the central administrative office, the District Administrator or his/her qualified designee shall assume these duties.

DPI MANDATORY NOTICES 2025-26

3. A record of each request for access to and each disclosure of personally identifiable information from the education records of a student shall be maintained with such student's records, except when the request is from or the disclosure is to the following person/party:
- the parent or guardian or adult student;
 - a school official;
 - a party with written consent from the parent or guardian or adult student;
 - a party seeking directory data; or
 - a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or other issuing agency has ordered that the existence or the contents of the subpoena or the information in response to the subpoena not be disclosed.
4. When a student ceases to be enrolled in a school operated by the District, the student's remaining student records shall be maintained as follows:
- a. Behavioral records that are identifiable to the student will be maintained for no longer than one year after the student graduated from or last attended the school unless the student or his/her parent or guardian, if the student is a minor, gives permission that the records may be maintained for a longer period of time.
 - * The District will normally request consent to maintain the behavioral records of such former students (such as students with disabilities) for the period of time that such records may be needed for program audit purposes. If the District does not obtain such consent, the District will arrange to maintain records needed for audit purposes in manner that is not identifiable to the individual student.
 - b. Student progress records shall be maintained for a minimum of 5 years after the student graduates or ceases to be enrolled in the District.
 - c. Any request for the "directory data" of a former student will be treated according to the District's policy on "directory data," and, to the extent applicable, the District will continue to honor any valid request to opt out of the disclosure of directory information (e.g., such as the opt-out decision that was in effect when the student was last in attendance), unless such opt-out decision is appropriately rescinded.
5. The Director of Special Education shall oversee the management of the records of students with disabilities.
- a. The District shall inform the parent(s) or guardian of a student with disabilities, or the adult student if applicable, when personally-identifiable information that was collected, maintained, or used under the Individuals with Disabilities Education Act (IDEA) is no longer needed to provide educational services to the child. Except for a record of a student's name, address, and phone number, his/her grades, attendance record, classes attended, grade level completed, and year completed, such personally identifiable information must be destroyed at the request of the parent(s), guardian, or adult student. By submitting a timely written request, the parent, guardian, or student may elect to take possession of the personally-identifiable records in lieu of having the records destroyed.
 - b. Such a notice that certain records are no longer needed to provide a child with educational services will normally be given at the time the child graduates or otherwise ceases to be enrolled in the District. As further described above, the District will also normally, at the same time, request consent to maintain particular records for the additional time period that they are needed for program audit purposes.

D. PARENT/GUARDIAN/STUDENT REQUESTS FOR AMENDMENTS OF STUDENT RECORDS

1. A parent or guardian or adult student who believes that information contained in the student's records is inaccurate, misleading or otherwise in violation of the student's rights of privacy may request the District to amend the records. Such request shall be addressed in writing to the school official having custody of the records. Within a reasonable time after receiving the request, the person having custody of the records shall decide whether to amend the records in accordance with the request and inform the parent or guardian or adult student of the decision.
2. If the person having custody of the records refuses to amend the records, he/she shall inform the parent or guardian or adult student of the refusal and advise him/her of the right to a hearing. The request for the hearing shall be filed in writing with the District Administrator or designee. The parent or guardian or adult student shall be given notice of the date, place and time of the hearing reasonably in advance of the hearing.
 - a. The hearing shall be conducted by the District Administrator or designee, who must be someone who does not have a direct interest in the outcome of the hearing.
 - b. The parent or guardian or adult student shall be afforded the opportunity to present relevant evidence and may be assisted or represented by individuals of his/her choice at his/her own expense, including an attorney.
 - c. The decision of the hearing officer shall be based solely upon the evidence presented and shall include a summary of the evidence and the reason for the decision.
 - d. The hearing shall be held and the parent(s) or guardian or adult student informed of the hearing officer's decision in writing within a reasonable period of time after the hearing.

DPI MANDATORY NOTICES 2025-26

- e. If the hearing officer decides that the information is inaccurate, misleading or otherwise in violation of the student's privacy rights, the education records of the student shall be amended accordingly.
- f. If the hearing officer decides that the information is not inaccurate, misleading or otherwise in violation of the student's privacy rights, the District shall inform the parent or guardian or adult student of the right to place a statement commenting upon the information in the education records and/or describing reasons for disagreeing with the decision of the hearing officer.

3. A record of each request for access to and each disclosure of personally identifiable information from the education records of a student shall be maintained with such student's records, except when the request is from or the disclosure is to the following person/party:

- the parent or guardian or adult student;
- a school official;
- a party with written consent from the parent or guardian or adult student;
- a party seeking directory data; or

a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or other issuing agency has ordered that the existence or the contents of the subpoena or the information in response to the subpoena not be disclosed.

E. COMPLAINTS REGARDING ALLEGED NONCOMPLIANCE WITH FEDERAL REQUIREMENTS

Adult students or parents or guardians of minor students may file a complaint with the Family Policy Compliance Office of the U.S. Department of Education for alleged District noncompliance with requirements of the federal Family Educational Rights and Privacy Act (FERPA).

F. ANNUAL NOTICE

Parents, guardians and adult students shall be notified annually of the following: (1) their rights to inspect, review and obtain copies of student records; (2) their rights to request the amendment of the student's school records if they believe the records are inaccurate, misleading or otherwise in violation of the student's rights of privacy; (3) their rights to consent to the disclosure of the student's school records, except to the extent state and federal law authorizes disclosure without consent; and (4) their right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education.

The notice shall be distributed to parents and guardians and adult students at the beginning of each school year. When a student transfers into the District after the above notice has been given, the student and his/her parent(s) or guardian shall receive a copy of the notice at the time and place of enrollment.

G. OTHER NOTICES

In a manner consistent with the requirements of applicable law, the District shall provide parents, guardians, and adult students with notice of the District's student directory data designations and their right to opt-out of the release of such information as student directory data.

"With respect to high school students, the District shall also provide parents, guardians, and adult students with notice of the rights of parents, guardians, and eligible students to direct the District not to release certain student contact information to military recruiters or institutions of higher education without first obtaining prior written consent from the parent or guardian of a minor student or (if applicable) the adult student. Unless a parent, guardian, or eligible student has affirmatively opted out of such disclosures of student contact information, federal law requires the District (1) to provide the names, addresses, and phone numbers of high school students to military recruiters and to institutions of higher education upon request; and (2) to additionally provide high school students' electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available) to a military recruiter upon request."

DPI MANDATORY NOTICES 2025-26

SCHOOL DISTRICT OF ST. CROIX FALLS STUDENT ATTENDANCE 431

The Board of Education recognizes the positive relationship between regular school attendance and success in school and employment. If student learning and growth are to take place, parents/guardians, students and school personnel must recognize their responsibilities to cause regular school attendance.

The Board, in recognition of the statutory requirements for school attendance and the overwhelming public need for an educated society, believes school attendance should take precedence over non-school activities.

Any person having under their control a child who is between the ages of 6 and 18 years of age (including through the end of the semester in which the child becomes 18 years of age), or a child enrolled in 5-year-old kindergarten in the District, shall cause the child to attend school regularly in accordance with state law. The child is expected to attend school on each day school is in session, unless he/she is excused from school attendance for any of the following reasons or has graduated from high school:

1. Prior Parent-Excused Absences.

A student excused in writing by his/her parent or guardian prior to an absence is excused from school attendance. A student may be excused by the parent or guardian under this provision for not more than 10 school days in the school year. Students so excused are responsible for making up work missed during the absence. It is the student's responsibility to make arrangements with their classroom teacher(s) to complete any assignments or examinations that are or will be missed during the absence. Absences falling into this absence category include discretionary absences known in advance such as family vacations/travel, family weddings, hunting, and, unless within the number of visits counted as school-excused absences under the next section of these procedures, college visitation days.

2. Other Excused Absences of a Temporary Nature.

- a. Illness, including reasonable treatment for such illness, where the student is temporarily not in proper physical or mental condition to attend school. A written statement from a health care provider may be required to be submitted as proof of the student's condition for student absences due to illness that are 3 days or more in length. Such health care provider's excuse shall state the period of time for which it is valid, and shall not exceed 30 days.
- b. Medical appointments (although the District strongly encourages parents and guardians to make every effort to schedule non-emergency medical examinations and appointments, e.g., for health maintenance/preventative care, at times that avoid or at least minimize the student's loss of instructional time);
- c. Religious holidays or instruction to the extent authorized by law;
- d. Family emergency;
- e. Severe weather conditions that, in the parent's or guardian's reasonable judgment, are a danger to the health and welfare or safety of the student;
- f. Funerals of a family member or friend;
- g. Suspension from school;
- h. Mandatory court appearances;
- i. Visiting a parent or guardian who is on active military duty and has been called to duty for or is on leave from deployment to a combat zone or combat support posting, or has returned from deployment to a combat zone or combat support posting within the past 30 days;
- j. Serving as an Election Official – Students may be excused to serve as an election official provided they have at least a 3.0 grade point average or the equivalent and have the permission of their parent(s) or guardian and the building principal;
- k. Sounding Taps – A student in grades 6 to 12 may be excused for the purpose of sounding "Taps" during a military honors funeral for a deceased veteran;
- l. Any other reasonable non-discretionary absence deemed appropriate by the school attendance officer. Parents and guardians are required to notify the school of an absence prior to or on the day of the absence. Excused absences other than a suspension from school require written or verbal approval of the student's parent or guardian. All students with excused absences will be given the opportunity to make up class assignments missed during the absence, including tests and examinations. It is the student's responsibility to contact the teacher(s) to make arrangements for making up the work missed during an absence from school.

As indicated above, absence from school during a period of suspension will be considered an excused absence for purposes of this policy. Students serving a suspension will be permitted to make up class work and examinations missed during their suspension from school under the same conditions as other excused absences.

Students who are participating, with District approval, in extracurricular activities, athletics, and other District-sponsored programs or events during any portion of an instructional day are not considered absent from school, but teachers shall treat their absence from class as excused with the right to make up work to the same extent permitted in connection with excused absences from school.

DPI MANDATORY NOTICES 2025-26

3. Program or Curriculum Modifications.

A child may be excused from regular school attendance pursuant to a program or curriculum modification, as further defined under state law, that has been requested by the student's parent or guardian and approved by the building principal.

Program or curriculum modifications shall be requested in writing. The administrative decision in response to the request shall likewise be provided in writing. If a child, or his/her parent or guardian, is not satisfied with the decision made by the building principal, he/she may ask the School Board to review and act on the request. The Board shall render its determination upon review in writing, if the student's parent or guardian so requests.

4. Participation in a Board-Approved Alternative Program.

A child who is 16 years of age or older may be excused from regular school attendance to attend an alternative educational program leading to high school graduation or a high school equivalency diploma in accordance with state law provisions.

5. High School Students Who Are No Longer Subject to Compulsory Attendance.

For any student who is 18 years of age or older and no longer subject to compulsory attendance and truancy referral, the student will still be held to the distinctions between excused and unexcused absences. In addition, by state law, the District may not grant a high school diploma to any student unless, during the high school grades, the student has been enrolled in a class or has participated in an activity approved by the school board during each class period of each school day, or the student has been enrolled in an alternative education program.

Students who are absent from school without an acceptable excuse as authorized above will be considered truant and shall be dealt with in accordance with state law and established District procedures. Students with unexcused absences (truant students) will be permitted to make up tests and examinations that were missed during the unexcused absence period provided that that test/examination can be completed independently and by a reasonable deadline that is established by the teacher. Such students will also be permitted to make up assignments missed during their truancy to the extent such assignments can be completed independently and were not integrated with an in-school or group-based activity that the student missed while truant. Truant students may receive less than full credit for make-up assignments and make-up tests/exams. Teachers shall be expected to apply the same standard for making up missed classroom assignments to all truant students on a fair and consistent basis. With the approval of the building principal, a school may establish periods of supervised study, either during or outside of the regular school day, during which students who need to make-up work will be expected to complete the make-up work. The District shall not deny student credit in a course or subject solely because of a student's unexcused absences.

The building principal shall serve as the primary school attendance officer and deal with all matters relating to school attendance and truancy. The building principal may designate one or more licensed staff members as deputies who shall also be permitted to serve in the role of school attendance officer provided that each such deputy is sufficiently familiar with the relevant requirements and procedures.

The District Administrator (or his/her administrative-level designee) and building principals shall establish necessary procedures to encourage regular student attendance, to identify excused and unexcused absences, and to determine appropriate action to respond to and serve as a deterrent to truancy. These procedures shall be in line with recommendations of the county truancy committee(s), the District's truancy plan, and state law requirements.

Teachers, students, and parents and guardians shall be informed of the District's student attendance policy and procedures annually via school handbooks or other means necessary to provide proper notice of student attendance-related responsibilities.

SCHOOL DISTRICT OF ST. CROIX FALLS TITLE I PARENT INVOLVEMENT ACTIVITIES 342.5 POLICY

In an effort to help students master challenging curricula and meet high academic standards, the District participates in the federal Title I program.

The District schools that participate in the Title I program use either the school-wide model or the targeted-assistance model, depending on the school's specific Title I plan structure.

The Title I coordinator shall have overall responsibility for monitoring both the success of the District's Title I programming and the District's compliance with the various legal requirements that apply to participation in the Title I program. The administration's oversight responsibilities in regard to the Title I program include the following:

1. Ensuring District-level involvement in the planning, delivery, and regular evaluation of the Title I programs and services at individual schools. This includes ensuring that school-based plans, goals, and service initiatives are complementary to District-level plans, goals, and initiatives.

DPI MANDATORY NOTICES 2025-26

2. Ensuring the appropriate development, maintenance, dissemination, and periodic updating of a District-level Title I parent and family engagement policy, and verifying that the corresponding school-level parent and family engagement policies and compacts are in place.
3. Ensuring the establishment and implementation of procedures for providing parents and guardians with the various notifications required under the federal Title I laws and regulations, including an annual notification of this policy.
4. Structuring opportunities for the District to appropriately coordinate and collaborate with private schools and other entities providing educational services (e.g., early childhood development programs) in the community.
5. Ensuring the appropriate documentation and reporting structures are in place to:
 - a. Monitor key compliance factors such as the District's maintenance of fiscal effort, the "supplement and not supplant" restrictions on the use of federal Title I funds, and, to the extent applicable, the intra-District comparability-of-service requirements established under federal law.
 - b. Facilitate the timely completion and submission of state and federal reports, applications, or other information that may be required or requested by state or federal officials in connection with the District's participation in the Title I program.
 - c. Appropriately track the allocation, distribution, and expenditure of Title I funds.

SCHOOL DISTRICT OF ST. CROIX FALLS HARASSMENT AND/OR BULLYING OF STUDENTS 411.1

Defining Bullying

As used in this policy:

1. "Bullying" refers to severe, systematic, or repeated actions that involve the threatened, attempted, or actual infliction of physical harm or psychological/emotional distress on one or more students, staff, or other persons. Bullying usually (but not always) involves an actual or a reasonable perception of an imbalance of power between the bully and the victim/target. Bullying occurs when someone purposefully engages in written, spoken, nonverbal, or physical behaviors or communications (including but not limited to actions that threaten, intimidate, insult, degrade, or ostracize) that have the effect of doing any of the following:
 - a. Substantially interfering with any student's education;
 - b. Substantially interfering with a person's ability to participate in or benefit from any school activity or program;
 - c. Endangering the health, safety, or property of the target(s) of the behavior; or
 - d. Creating a threatening, intimidating, hostile, or offensive environment within any District school, activity, or program.
2. "Cyber-bullying" is defined as bullying that involves the use of digital technologies, including but not limited to, e mail, cell phones, text messages, instant messages, chat rooms, and social media. Cyber-bullying is prohibited and treated the same as all other types of bullying.

Younger students might better understand the meaning of "bullying" when the term is defined to include conduct that one person uses on purpose and usually more than just one time to hurt, put down, embarrass, or scare another person, where the person who is being bullied would have difficulty protecting or defending him/herself.

Bullying can involve direct interaction between the aggressor-bully and the target(s), or it can be indirect (such as orchestrating others to engage in acts of bullying, facilitating bullying conduct by others, taking secretive or covert actions, etc.).

While bullying involves deliberate/purposeful conduct, intent/purpose may properly be inferred from the totality of the circumstances (e.g., where the behavior is persistent/repeated or where the responsible party reasonably should have been able to foresee the consequences of his/her actions and the manner in which his/her conduct would be likely to be perceived by the target(s) of the conduct).

Not all behaviors that (1) hurt another person's feelings; (2) are a manifestation of an interpersonal conflict; or (3) are in some way unkind amount to acts of bullying (or harassment) as defined in this policy. However, such negative behaviors are still a legitimate subject of concern and regulation within the school environment.

DPI MANDATORY NOTICES 2025-26

Defining Harassment

As used in this policy, the term “harassment” means behavior directed towards another person:

1. Which either: (a) is based, in whole or in part, on any legally-protected characteristic or classification, including (with respect to a student victim/target) a student’s race, color, national origin, ancestry, sex, sexual orientation, religion, creed, pregnancy, marital or parental status, or any physical, mental, emotional or learning disability; (b) is based on some other actual or perceived, but irrelevant, distinguishing characteristic, such as (with respect to a student victim/target) a student’s physical appearance, economic status, or social status; or (c) does not serve a legitimate purpose;

AND

2. Which either: (a) substantially interferes with a student’s school performance, an employee’s ability to do his/her work, or any person’s ability to perform or participate in a District-related function; (b) substantially interferes with a student’s ability to participate in or benefit from any school activity or program; (c) creates an intimidating, hostile or offensive environment within any District school, activity, or program; (d) substantially interferes with or endangers the education, health, safety, or property of the victim/target; (e) causes a substantial disruption to any school-related activity or program; or (f) compromises the District’s ability to operate efficiently and effectively.

Bullying and Harassment by Students is Prohibited

The District prohibits students from bullying or harassing any person when either the aggressor and/or the target (victim) of the behavior is (1) at school or on school grounds; (2) at any school-sponsored activity; (3) using District-provided transportation; (4) under the supervision of a school district authority; or (5) otherwise within the scope of the District’s disciplinary jurisdiction (such as conduct that occurs away from school that endangers the health, safety or property of a person who is at school).

Student violations of this policy will normally be addressed through remedial interventions and/or consequences. The exact response applied to a particular incident shall take into consideration the totality of the relevant circumstances, including but not limited to the nature and severity of the conduct, the age and developmental level of the student, and the student’s behavioral history. Possible consequences for students who engage in bullying or harassment (or prohibited retaliation) include, but are not limited to revocation of school-related privileges, temporary removal from class or school activities, suspension, expulsion, and/or referral to law enforcement officials for possible legal action.

The District is not able to investigate and impose the same school-related consequences on a student for all out-of-school conduct that, if the conduct had taken place under other circumstances, would have constituted a violation of this policy and been within the school’s jurisdiction for suspension or expulsion. However, where a District employee determines, based on communications with students or parents or guardians, that an out-of-school incident (or alleged incident) is having, or is likely to have, a negative effect within the school environment, the Board authorizes District staff to respond to non-school incidents that are brought to the District’s attention through activities that may include a parent meeting, safety planning, counseling, or other appropriate interventions.

Application of this Policy to School Officials, District Employees, and Others

The District also prohibits bullying and harassment by District officials, District employees, District volunteers, contracted service providers, and others who are present at a school, on school grounds, or at any school-sponsored activity. While the primary focus of this policy concerns victims/targets who are students, such conduct is prohibited regardless of whether the target of the behavior is a student, school official, District employee, parent or guardian, or other person.

When an employee is alleged to have engaged in bullying, harassment or prohibited retaliation, the incident (including the possible imposition of consequences) will be addressed in a manner consistent with the District’s procedures for handling personnel matters. When a person who is neither a student nor an employee violates this policy, the District likewise reserves the right to take appropriate remedial action, including the imposition of possible consequences (such as limiting the individual’s access to District property or activities, referral to law enforcement, etc.).

DPI MANDATORY NOTICES 2025-26

Reports/Complaints; Confidentiality

The District shall establish and implement procedures under which incidents and concerns involving bullying, harassment, or any related allegations of retaliation can be reported and addressed in an appropriate manner.

In addition to any other reporting procedures that are established:

1. When the victim/target of the alleged behavior is a student, a person may report the behavior as a complaint under the District's student discrimination complaint procedures; or
2. When the victim/target of the alleged behavior is an employee, a person may report the behavior as a complaint under the District's employment discrimination complaint procedures; or
3. When the victim/target of the alleged behavior is neither an employee nor a student, a person may report the behavior to the appropriate activity supervisor, building principal, or to the District Administrator. A written complaint is preferred, but, no matter how the report is presented, the person making the report should clearly and expressly identify that he/she is reporting a concern with bullying, harassment, or retaliation.

Although absolute confidentiality cannot be assured, the District will maintain the confidentiality of reports and complaints to the extent required by any applicable law, and the District will otherwise make efforts to maintain confidentiality where non-disclosure does not interfere with the District's ability to appropriately process and respond to the report or complaint. Nonetheless, investigating a matter often involves disclosing (directly or indirectly) the identity of persons involved in the particular events/issues. Individuals who have specific concerns about confidentiality should arrange to discuss those concerns with the District as early as possible in the process.

Retaliation and Abuse of Process are Prohibited

Retaliation is prohibited against any person who has reported in good faith (or who is believed to have reported) a possible violation of this policy, or against any person who otherwise participates in any investigation, inquiry, or other proceeding related to an incident, report, or complaint of bullying or harassment. Retaliation includes, but is not limited to, any form of intimidation, harassment, or inappropriate disparate treatment. Such retaliation shall be considered a serious violation of Board policy independent of whether the report, complaint, or allegation in question is substantiated. Allegations or concerns regarding retaliation may be reported to the District using the procedures that are established for reporting harassment and/or bullying.

Knowingly providing false information regarding alleged bullying or harassment, fabricating incidents/allegations, and similar bad faith conduct shall also be regarded as a serious offense and will result in disciplinary action or other appropriate sanctions.

SCHOOL DISTRICT OF ST. CROIX FALLS STUDENT USE OF ELECTRONIC DEVICES POLICY 443.5

The St. Croix Falls School District recognizes the legitimate safety purpose that students and parents have in providing students with cellular phones and other two-way communication devices. The St. Croix Falls School District also recognizes the legitimate education right that students have to learn and engage in school activities without distraction or disruption from the use of two-way devices or other personal electronic equipment.

This policy is intended to apply to students when they are at school, participating in any school-sponsored activity, and at all other times when the student is subject to the authority and supervision of District officials. At such times and under the conditions established in this policy, students may possess an electronic communication device such as a cellular telephone or other personal electronic device with communications functions or with recording, photographic, or video-imaging capabilities. Students may use such devices only with school permission that has been granted pursuant to this policy.

Building principals are authorized to establish school rules and acceptable use guidelines for students' limited and non-disruptive use of electronic devices for educational, safety, medical, vocational, or other legitimate reasons.

The rules shall permit students at all grade levels to use a personal electronic device as needed (e.g., to contact a responsible adult) in any emergency situation that involves an immediate threat to the health, safety, or property of any person. However, when carrying out school emergency response plans an administrator or other staff member may direct students to turn off their personal electronic devices so that emergency communication networks are not overwhelmed and so that emergency response efforts are not jeopardized.

DPI MANDATORY NOTICES 2025-26

Students shall not use electronic communication devices:

- To engage in bullying or harassment.
- To communicate test answers, photograph tests, or engage in any other conduct that constitutes or facilitates academic dishonesty.
- To take, disseminate, transfer, or share any images, recordings, or other content that is obscene, lewd, illegal, sexually-explicit, or otherwise inappropriate for the school setting.
- In areas where other people have a reasonable expectation of privacy, including all locker rooms, bathrooms, or other changing areas (except in an emergency).
- To create, communicate, share, or post recordings or images of any other student or staff member without permission from that student or staff member (except in an emergency).
- In violation of the District's rules surrounding students' acceptable use of technology.

Possession and use of an electronic communication device by a student under this policy is a privilege. A student who chooses to exercise this privilege does so subject to the following conditions:

- The District is not responsible for the safety or security of personal electronic equipment that students possess or use at school or at a school-related activity. Students who possess or use such device(s) do so at their own risk with regard to possible theft, damage, misappropriation of data/equipment, or other loss.
- If the District determines that a student has possessed or used such a device in violation of the law, this policy, or a school rule or directive, the student is subject to appropriate school-imposed consequences, such as the possible loss of privileges, suspension, and/or expulsion. The District may also refer certain matters to law enforcement.
- If a District official has reason to suspect or determines that a student has possessed or used an electronic device in violation of the law, this policy, or a school rule or directive, a District official may temporarily confiscate the device and/or turn the device over to law enforcement.
- A device possessed or used by a student may be subject to an appropriately limited search by a District official when the official has reason to suspect that such a search may lead to evidence of a crime or a violation of Board policy or school rules. The scope of any such search will be limited to the suspected violation.

To the extent prohibited by law, school employees shall not request or require a student to disclose the access information for any of the student's personal Internet account(s), including those that may be accessible through a student's personal electronic communications device.

Neither this policy nor any school rules shall be construed to limit a student's ability to possess and appropriately use an electronic device that functions as assistive technology that is necessary for a student's education and that is required or authorized under an individualized education program (IEP) or a Section 504 plan.

Students shall be informed of this policy annually via student handbooks.

New Youth Suicide Prevention Resources Are Available For Use

To get updated information on suicide prevention, intervention, and postvention resources, check out DPI's website. There are downloadable documents on the state laws, a fact sheet on youth suicide, and updated suicide prevention curriculum. It also includes an updated webinar of an online gatekeeper training for all staff and DPI's updated one-day training flyer, description, and calendar. Other resources include strategies on suicide interventions, memorial suggestions, and other resources.

Know the Signs

Suicide doesn't usually just happen out of the blue—there are some warning signs to watch for. Know the signs of suicidal thinking, of your students, friends, and family members.

- Threatening/talking about hurting self
- Hopelessness
- Rage, uncontrolled anger, seeking revenge
- Acting reckless or engaging in risky activities
- Feeling trapped – like there's no way out
- Increased alcohol or drug use
- Withdrawing from friends, family and society
- Anxiety, agitation, change of eating/sleeping habits
- Dramatic mood changes No sense of purpose in life
- Decline in quality of school work
- Giving away prized possessions

Suicide is a Complex Problem

There are multiple factors involved in a suicide completion. Oversimplifying the reasons why someone completes suicide is not helpful. For instance, saying someone completed suicide due to bullying is not all-encompassing. Not all people who are bullied complete suicide. Research suggests that there are many factors contributing to suicide: biological factors, precipitating factors, and triggering events. Some examples of biological factors include mental illness or a family member loss to suicide. Some precipitating factors include poor grades, unsafe school, victimization, or family rejection. Crisis/triggering events include a major loss, humiliation or bullying, and access to lethal means for suicide. Many factors lead into a suicide. It is important not to oversimplify.

From: American Association of Suicidology (AAS) webinar January 2011.

Identifying mental illness or alcohol/other drug abuse problem is significant.

- In the 2011 YRBS, over 22% of high school students experienced persistent sadness or hopelessness. About 6% of high school students attempted suicide. This shows that depression is somewhat common, suicide is not.

DPI MANDATORY NOTICES 2025-26

- The most common mental illness leading to suicide is depression. It's also the most treatable!
- Binge drinking is highly correlated with suicide attempts. 90% of people who completed suicide had some form of mental illness and/or an alcohol/other drug abuse problem.

Reducing access to lethal means can be very worthwhile. (see www.meansmatter.com)

- Limiting access to the means for suicide provides the most significant drops in suicide rates. Most often, youth who attempt suicide use a gun kept in the home.
- Do not allow youth to have unsupervised access to firearms. Encouraging safe/secure storage of firearms is a critical prevention strategy.

What can you do if you are concerned about a student?

Teachers and other school staff are well-positioned to observe student behavior and to ACT if there is a suspicion that a student may consider self-harm. Suicide is a permanent solution to a temporary problem, but for kids, their problems can seem endless at this stage. If we get them through the crisis, there is a 90% chance that they will never attempt suicide. ACT stands for **Acknowledge, Care, and Tell**.

Acknowledge feelings rather than minimizing them. Telling a student to “get over it” or “move on” is not realistic for a person with depression.

- “I’m sorry to hear about this. It sounds really hard.”

Show Care and Concern for the student by taking the next step.

- “I’m worried about you. I don’t want anything bad to happen to you or for you to be hurt.”

Tell a member of your crisis team. They know how to work with students who have concerns like these.

- “Let’s go talk with someone in the counseling office.”

These steps (Acknowledge-Care-Tell) are a central component of the “Signs of Suicide” program (SOS), an evidence-based schoolwide intervention program. SOS kits for middle school and high school are available through your local CESA. The law states that schools must educate students on suicide prevention; see the laws handout on the DPI website for further details on curriculum.

Common Concerns

What if I make a mistake? Can I be sued?

State law insulates all public and private school district employees and volunteers from civil liability for their acts and omissions when trying to intervene in a student’s possible suicide. The legislature found it so important that adults take action when a student is suicidal that they insulated those adults from civil liability for their efforts with suicidal students.

If I ask a student about suicide, will that cause them to try it?

No. This issue has been thoroughly studied. By asking a student about suicidal intent, you are offering to help them. Please do your best to reach out to students.

Seeing Urgent Warning Signs? Here’s What to Avoid

All children and adolescents can experience moodiness and will take time to ask life’s big questions. Since they lack the perspective of time, they can become overwhelmed. The best roles for teachers are to support students, and if you see the suicide warning signs, use ACT. Some of the statements below might make perfect sense for students who aren’t suicidal, but when kids are in crisis, these things can make it worse.

DPI MANDATORY NOTICES 2025-26

Here are some things to avoid when you see the urgent warning signs:

Don't Shame

- “You’ve got to get over this. It’s not a big deal.”
- “Why are you so worried? Move on!”
- “You’re too sensitive. Grow up!”

Don't Delay

When you see urgent warning signs, get help right away, don’t wait.

Don't Blame

- “If you wanted a better grade, you would have worked harder.”
- “You’ve got no one to blame but yourself.”
- “Maybe you should change your attitude if you want friends.”

Don't Give Up

Suicide is NOT a destiny—when people make it through the suicidal crisis, they usually go on to live healthy, productive lives!

Don't Do It Alone

ESSA TITLE I PARENT INVOLVEMENT REQUIREMENTS

The School District of St. Croix Falls understands that involving families and gaining their support as full partners in the education of their children makes those children more successful in school. School success helps children become successful adults. This policy is written to ensure that parents of the children being served in the district-wide Title I program have had, and will continue to have, an adequate opportunity to participate in the design and implementation of the district's Title I project.

- Coordinate with the parent/family involvement efforts of other programs such as Head Start.
- Include parents/families of participating private school students if a private school becomes available in our district.
- Notify parents if a child is assigned to, or taught for at least four consecutive weeks, by a teacher who is not "highly qualified" as defined in the law.
- Provide each parent with information on the assessment as soon as is practicably possible after the assessment is taken.

MILITARY ACCESS TO STUDENTS & RECORDS

The Every Student Succeeds Act requires school districts to release high school student names, addresses, and telephone listing to military recruiters upon their request. The law also requires the school district to notify students and parents of their right to opt-out from this by requesting that the district not release this information to military recruiters. Opt-out forms are available in the St. Croix Falls High School office. The completion and return of this form serves as a student's and/or parent's request to withhold this information.

ACADEMIC AND CAREER PLANNING SERVICES

The School District of St. Croix Falls will provide each high school student with specific academic and career planning throughout their high school years. Information will be disseminated through the high school guidance office throughout the school year. School districts receiving funding under Title I are required under ESSA 20 U.S.C. section 6312(e)2A to notify parents they may request information regarding any state or local district policy regarding student participation in any assessments mandated by law or the school district. Please contact the building's principal should you wish to receive such information.

PROGRAMS FOR ENGLISH LANGUAGE LEARNERS

SCHOOL MEAL ACCOUNTS CHARGES AND COLLECTIONS (763)

In accordance with requirements established by federal and state oversight agencies, the School Board will adopt, and approve any proposed revisions to, a written rule on the subject of meal charges and the collection of funds within the District's food service program. The District Administrator/School District Finance Director/Food Service Director shall have primary administrative responsibility for overseeing the consistent implementation of the rule that accompanies this policy, including all of the following:

1. Ensuring that the rule is clearly communicated to school families and to District employees who have responsibility for the application and enforcement of the rule.
2. Monitoring the nutritional, fiscal, and operational impacts of the District's approach to meal charges and collections, and, at their own initiative or upon the request of the Board, providing the Board with reports and recommendations for changes and improvements.
3. Coordinating the implementation and enforcement of the rule with the management and staff at any contracted food service company that the District may work with.

In addition to the rule accompanying this policy addressing student meal charges and account collections, it is the policy of the District that non-student adults who are permitted to purchase meals or other items through the food service program are not permitted to charge items that would result in a negative balance.

Reclassification of delinquent debt as bad debt within the Nonprofit School Food Service Account (NSFSA)

In consultation with the District's financial auditors as needed, the Administrator/School District Finance Director shall develop procedures and criteria for the reclassification of long-term delinquent debt within student food service accounts as uncollectible bad debt. Such procedures and criteria shall be consistent with the following general parameters:

1. Unless an active payment plan is in place or other attempts at collection are actively being pursued, delinquent debt in a student food service account that has not been repaid within 14 days shall normally be reclassified as bad debt for purposes of the District's NSFSA.
2. The reclassification of a delinquent debt to a bad debt as an accounting of allowed costs within the District's NSFSA does not prevent the District from (a) continuing to track the unpaid debt, (b) accepting payment for the debt, (c) refusing to extend further credit or offer other payment plans to the debtor household, or (d) applying other District policies and rules related to unpaid charges and fees.
3. See Rule 760.

NEGATIVE LUNCH BALANCE POLICY

The purpose of this policy is to maintain control over meal accounts which are not paid in a timely manner. As our system is a debit system, prepayment is required in the family meal account which includes charges for breakfast, lunch and other ala-carte items.

Families are requested to make an initial deposit of at least cost for one week of lunch, per student. Thereafter, depositing any amount needed to keep a positive balance in their account. Our automated calling system will call homes with an account balance of \$5.00 or less, reminding them to bring money to deposit. These calls will be made Monday through Thursday evenings. The family balances will also be checked by the school offices. No ala-carte purchases are allowed with any negative balance, and those students with account balances of \$-20.00 will not be allowed to make any purchases at all. Students with account balances of \$-20.00 will be given a sandwich and milk for lunch. If the account remains negative after two (2) or more days, the student will be given a serving of fruit, a serving of vegetables, and a carton of milk. Negative balances thereafter will be determined at the discretion of the District.

The student may call the parent to bring them either a cold lunch or money for the lunch account. Students may purchase lunch in line with cash.

If a negative balance continues and the student does not bring a meal to school, the Guidance Counselor will be contacted to assess the student's needs.

SCHOOL DISTRICT OF ST. CROIX FALLS STUDENT WELLNESS POLICY (458)

Nutrition and physical activity are known to influence a child's development, potential for learning, overall sense of well-being, and risk of illness through adulthood. Students who practice good nutrition and engage in daily physical activity attend school with bodies and minds ready to take advantage of the learning environment. The District, therefore, encourages all members of the community to help create and support a school environment that emphasizes healthy, life-long habits of good nutrition and physical activity.

The District shall also maintain, implement, and inform the school community and general public about a local school wellness policy that meets the requirements of federal law. The local school wellness policy required by federal law (hereinafter referred to as the District's "Wellness Plan") is a written plan that includes methods to promote student wellness, prevent and reduce childhood obesity, and provide assurance that school meals and other food and beverages sold and otherwise made available to students on the school campus during the school day are consistent with applicable minimum nutritional guidelines and standards.

The Board delegates primary administrative oversight of this policy and the District's local Wellness Plan to the District Administrator or at his/her discretion the Director of Student Services who shall:

1. Direct and monitor the District-wide implementation of the District's Wellness Plan and related nutrition guidelines, including monitoring school-level compliance with the Plan;
2. Oversee the periodic evaluation of the Wellness Plan and its implementation at least as often as such formal assessments are required under applicable regulations, including having primary responsibility for ensuring the timely preparation of a written report following each such assessment;
3. Ensure opportunities for stakeholder group involvement in the development, implementation, and periodic review and updating of the District's Wellness Plan in a manner that is consistent with the requirements of applicable federal regulations and the specific content of the Wellness Plan;
4. Keep the Board and the broader community informed of the Wellness Plan, the District's and each applicable school's progress toward achieving Wellness Plan goals, and any recommendations for changes and improvements to the Plan, including any changes that are based on the results of a formal assessment; and
5. Establish recordkeeping procedures that are consistent with applicable federal regulations and any Department of Public Instruction (DPI) guidelines.

Nothing in this policy or in the District's formal Wellness Plan shall be construed to prohibit District schools from undertaking additional school-level wellness initiatives, provided that such initiatives (1) do not either conflict with the formal Wellness Plan or unilaterally supplant or replace portions of the Plan; and (2) have otherwise been properly authorized within the District. However, the Board strongly encourages the administration and staff at individual schools to coordinate their student wellness initiatives with the formal Wellness Plan for the benefit of documenting such efforts and sharing ideas across the entire District.

DISTRICT PHYSICAL ACTIVITY STANDARDS

The School District of St. Croix Falls recognizes the value of having a proactive physical education program. A program that educates students about the long term benefits associated with staying physically active, participating in life-long sports, and in maintaining an overall healthy lifestyle, as well as, the long term health dangers of not doing so. The district also realizes that developing healthy lifestyle habits is not just the responsibility of the school district; these habits need to be practiced and reinforced at home and out in the community as well. The school district will make its best efforts, as staff, facilities and circumstances allow, to progress toward the following goals:

DPI MANDATORY NOTICES 2025-26

1. Daily Physical Activity K-4

All students in grades K-4, including students with disabilities and special health-care needs, will receive the equivalent of 255 minutes of physical activity per week. This includes, on average, 75 minutes of physical education per week and 36 minutes of recess per day. Student involvement in other activities requiring physical activity (i.e. community recreation programs) will also be encouraged. A certified physical education teacher will teach all physical education classes. Students will spend at least 50 % of physical education class time participating in moderate to vigorous physical activity.

2. Daily Physical Activity Grades 5-6

All students in grades 5 and 6, including students with disabilities and special health-care needs will receive on average 150 minutes of physical education per week (grade 5), and 100 minutes of physical education per week (grade 6). Students in both grades will also get a 15-minute activity break every day. Student involvement in other activities involving physical activity (i.e. community recreation programs, intramurals, and interscholastic sports) will also be encouraged. A certified physical education teacher will teach all physical education classes. Students will spend at least 50% of physical education class time participating in moderate to vigorous physical activity.

3. Daily Physical Activity Grades 7-10

All students in grades 7-10, including students with disabilities and special health-care needs will receive on average 225 minutes of physical education per week for one semester per year. Student involvement in other activities involving physical activity (i.e. community recreation programs, intramurals, and interscholastic sports) will also be encouraged. A certified physical education teacher will teach all physical education classes. Students will spend at least 50 % of physical education class time participating in moderate to vigorous physical activity.

4. Daily Physical Activity Grades 11-12

By the time students enter their junior year of high school, they are expected to have internalized the need and value for physical fitness and healthy eating habits. They are still required to take a third credit of physical education and are still afforded many opportunities to take additional credits and to get involved in intramural and interscholastic activities. As juniors and seniors, students are expected to provide the leadership to the rest of the student body, modeling healthy eating and living habits.

5. Physical Activity Outside of School

The school district supports physical activity programs through its co-curricular offerings and community education opportunities for students K-12.

6. Physical Activity Going to and from School

The school district will assess and, if necessary and to the extent possible, make needed improvements to make it safer and easier for students to walk and bike to school. When appropriate, the district will work together with local public works, public safety, and/or police departments in those efforts. The school District will explore the availability of federal "Safe Routes to School" funds, administered by the State Department of Transportation, to finance such improvements."

SCHOOL DISTRICT OF ST. CROIX FALLS SALES AND RECRUITING ON SCHOOL PREMISES 850

Federal guidelines issued to implement this requirement state that if a school does not designate student names, addresses and/or telephone listings as directory data it must still provide all three items to military recruiters and institutions of higher education upon request.

- (1) A secondary school student or the parent of the student may request that the student's name, address and telephone listing not be released to military recruiters or institutions of higher education without prior written parental consent: and
- (2) The district must comply with such request.

Sales representatives, college or armed services recruiters, etc. are not permitted to call on teachers, students, or school staff members while on school premises without authorization from the school administration.

FOOD SERVICES

The St. Croix Falls School District Food Service Team would like to welcome everyone back to a new school year!

Breakfast for ALL Schools

The USDA has announced changes to breakfast foods to decrease added sugars. This means that added sugars will be limited in school meals and daycares nationwide, with small changes happening by Fall 2025 and full implementation by Fall 2027. The USDA heard concerns from parents and teachers about excessive amounts of added sugars in some foods, which factored into this new limit. Research shows that these added sugars are most commonly found in typical school breakfast items. Items include breakfast cereal, yogurt and breakfast breads. St. Croix Falls school district menus will reflect those changes.

Dresser and St. Croix Falls Elementary School

Our Elementary School students will be offered a second choice if they don't like the regular meal. The alternate choice is an Uncrustable peanut butter and jelly sandwich, cheese stick, and snack crackers (they still must choose a fruit or vegetables or both.) Milk is always included in your child's meal. This gives students more of a choice at lunch!

Another change is that the Dresser school location is now only for 4K students and the kindergarten is moving to the St. Croix Falls school location. With that change, the 4K students will be following the CACFP meal pattern (Child and Adult Care Food Program).

These meal pattern requirements are better aligned with the Dietary Guidelines for Americans, as required by the Healthy, Hunger-Free Kids Act of 2010. There are many differences between the 4K and the Kindergarten Through 5th Grade (K-5) Meal Patterns at Breakfast. If you are interested in what the CACFP Meal Patterns looks like, follow the QR Code.

Middle and High School

Students at the middle school will also be given a second option to increase their meal choices. The portion size will be in accordance with the kindergarten through 8th grade lunch meal patterns per USDA and Dept of Public Schools. If you are interested, check them out by following the QR code. New lunch schedules at both the middle and high school will allow students a little more time to eat and also reduce crowding in the lunchroom.

Ala Carte Options at the Middle and High School

Ala carte items are items such as extra milk, 100% juice and sparkling water can be purchased by students in grades 5 through 12. These items cost extra! If you would like to place an ala carte block on your student's account, please contact the school secretary at your child's school.

New this year is an ala carte Uncrustable peanut butter and jelly sandwich available for purchase in addition to the main meal for those extra hungry days! Ala carte items will only be allowed to be purchased if the family account has a positive balance. If there is a block for these purchases students will only be allowed to purchase items with cash IF their family account is in the positive. This is also true for after school snacks. Our hope is that this will help keep costs more manageable for our families. Of course, we will work hard to make sure that we communicate this to students privately.

FOOD SERVICES

Managing Payment for Meals at All Schools

To ensure that all students have access to nutritious school meals, we ask that you pay off the balance on your student's meal account. Your prompt payment is appreciated and will help support the school's food service program. If you think you may qualify for free or reduced cost meals, do not hesitate to reach out to the secretary at your school.

To add money to your child(ren)s' accounts you can send money with your student or pay online through the "Online Payment" link on the District website.

Please be aware that the meal prices are increasing due to increased food costs. We want you to know that we will NEVER refuse the menued meal to any student regardless of account balance.

2025-26 Meal Pricing	Breakfast	Lunch	Milk
High School	\$2.15	\$3.25	\$0.50
Middle School	\$2.15	\$3.25	\$0.50
Adult	\$2.75	\$4.80	\$0.50
Reduced	\$0.30	\$0.40	\$0.50

Why submit a free or reduced school meal application? It's a win-win for schools & families. School meal applications help provide essential funding for your school. For families they can get free school breakfast and lunch and also help reduce costs for utilities, internet access, college application and admissions tests, and school fees for instruments, books, athletics, and more. Reminder to fill out the free and reduced meal application. Also available on our website and in person at the high school.

Families who may qualify for Free or Reduced Price Meals are still encouraged to complete an application. Scan the QR code for the application.

The St. Croix Falls School District Food Service Team hopes that this will be the St. Croix Saints' best year yet and we look forward to seeing all of our students and feeding them good meals.

Thank you!

How To Apply for Free and Reduced Price School Meals

Please use these instructions to help you fill out the application for free and reduced price school meals. You only need to submit one application per household, **even if your children attend more than one school in the St. Croix Falls School District.**

The application must be filled out completely to determine the eligibility of your child(ren) for free or reduced price school meals. Please follow these instructions in order! Each step of the instructions is the same as the steps on your application. If at any time you are not sure what to do next, please contact :St. Croix Falls School District/Tammy @ 715-483-2405 or guggita@scfschools.com.

Please use a pen (not a pencil) when filling out the application and do your best to print clearly.

Step 1: List ALL children, infants, and students up to and including grade 12

Tell us how many infants/toddlers, children not in school, and elementary/middle/high school students live in your household. They do NOT have to be related to you to be a part of your household.

Who should I list here? When filling out this section, please include ALL members in your household who are:

- Children age 18 or under AND are supported with the household's income;
- In your care under a formal foster arrangement through a court or state/local agency, or qualify as homeless, migrant, or runaway youth;
- Students attending (regardless of age) St. Croix Falls School District.

<p>A) List each child's name. Print each child's name. Use one line of the application for each child. When printing names, write one letter in each box. Stop if you run out of space. If there are more children present than lines on the application, attach a second piece of paper (or a second application if completing electronically) with all required information for the additional children. This also applies to adults in Step 3. "MI" is short for middle initial. Print the first letter of each child's middle name in the box.</p>	<p>B) Is the child a student? If "Yes," write the grade level of the student in the "Grade" column to the right.</p>	<p>C) Do you have any foster children? If any children listed are foster children, mark the "Foster Child" box next to the child's name. If you are ONLY applying for foster children, after finishing Step 1, go to Step 4. <u>Foster children who live with you may count as members of your household and should be listed on your application.</u> If you are applying for both foster and non-foster children, go to Step 3. Note: Adopted children are not considered foster children. A foster child is a minor child who has been taken into state custody and placed with a state-licensed adult, who cares for the child in place of their parent or guardian.</p>	<p>D) Are any children homeless, migrant, or runaway? If you believe any child listed in this section meets this description, mark the "Homeless, Migrant, Runaway" box next to the child's name and <u>complete all steps of the application.</u> Homeless, Migrant, Runaway <u>status</u> must be confirmed with the appropriate program staff. If the school district cannot confirm your student's homeless, migrant, or runaway status, then the school district will contact you to complete an income-based application. <u>You may</u> choose to provide income information <u>now</u> in order to prevent the school district from potentially needing to contact you later.</p>
---	---	--	--

Step 2: Do any household members currently participate in SNAP, TANF, or FDIPIR?

If anyone in your household (including you) currently participates in one or more of the assistance programs listed below, your children are eligible for free school meals:

- The Supplemental Nutrition Assistance Program (SNAP) or FoodShare
- Temporary Assistance for Needy Families (TANF) or W-2 Cash Benefits
- The Food Distribution Program on Indian Reservations (FDPIR).

A) If no one in your household participates in any of the above listed programs:

- Check "No" in Step 2 and go to Step 3.

B) If anyone in your household participates in any of the above listed programs:

- Write a case number for SNAP, TANF, or FDIPIR. You only need to provide one case number. If you participate in one of these programs and do not know your case number, contact: <https://www.dhs.wisconsin.gov/forwardhealth/imagency/index.htm>

- Go to Step 4.

Step 3: List ALL household members and income for each member

How do I report my income?

- Use the lists titled "Sources of Income" & "Examples of Income for Children," on the back side of the application form to determine if your household has income to report.
- Report all amounts in GROSS INCOME ONLY. Report all income in whole dollars. Do not include cents.
 - Gross income is the total income received **before** taxes and deductions.
 - Many people think of income as the amount they "take home" and not the total, "gross" amount. Make sure that the income you report on this application has NOT been reduced to pay for taxes, insurance premiums, or any other amounts taken from your pay.
- Write a "0" in any fields where there is no income to report. Any income fields left empty or blank will also be counted as a zero. If you write "0" or leave any fields blank, you are certifying (promising) that there is no income to report. If local officials suspect that your household income was reported incorrectly, your application will be investigated.
- Mark how often each type of income is received using the check boxes to the right of each field.

3.A. Report income earned by adults

Who should I list here?

- When filling out this section, please include ALL adult members in your household who are living with you and share income and expenses, even if they are not related and even if they do not receive income of their own.
- **Do NOT include:**
 - People who live with you but are not supported by your household's income AND do not contribute income to your household.
 - Infants, children and students already listed in Step 1.

FOOD SERVICES

<h2>Step 3: List ALL household members and income for each member</h2>	
<p>1) List adult household members' names. Print the name of each household member in the boxes marked "Names of Adult Household Members (First and Last)." Include college students, unless they are declared independently on taxes (all college students are considered adults). <u>Do not list any household members you listed in Step 1.</u></p>	
<p>2) List earnings from work. List all income from work in the "Earnings from Work" field on the application. This is usually the money received from working at jobs. If you are a self-employed business or farm owner, you will report your net income. Net income is your income after taxes and deductions have been subtracted.</p> <ul style="list-style-type: none"> • What if I have multiple jobs? List each job separately by entering your name and income from each job on a new line. Add an additional sheet of paper if necessary. • What if I am self-employed? List income from your business as a net amount. This net amount is calculated by subtracting the total operating expenses of your business from its gross receipts (revenue). Gross receipts or revenue are all the income earned from the sale of any products or services offered. <p>If a child listed in Step 1 has income, follow the instructions in Step 3, Part B.</p>	
<p>3) List income from public assistance/child support/alimony. List all income that applies in the "Public Assistance/Child Support/Alimony" field on the application. Do not report the cash value of any public assistance benefits NOT listed on the chart. If income is received from child support or alimony, only report court-ordered payments. Informal but regular payments should be reported as "other" income in the next part.</p>	
<p>4) List income from pensions/retirement/all other income. List all income that applies in the "Pensions/Retirement/All Other Income" field on the application.</p> <ul style="list-style-type: none"> • What if I receive income from multiple sources in this category? List each source separately by entering your name and income from each source on a new line. Add an additional sheet of paper if necessary. 	
<p>5) List total household size. Enter the total number of household members in the field "Total Household Members (Children and Adults)." This number MUST be equal to the number of household members listed in Step 1 and Step 3. If there are any members of your household that you have not listed on the application, go back and add them. It is very important to list all household members, as the size of your household affects your eligibility for free and reduced price meals.</p>	
<p>6) Provide the last four digits of your Social Security Number. An adult household member must enter the last four digits of their Social Security Number in the space provided. You are eligible to apply for benefits even if you do not have a Social Security Number. If no adult household members have a Social Security Number, leave this space blank and mark the box to the right labeled "Check if no Social Security Number."</p>	
<h3>3.B List income earned by children</h3>	
<p>List all income earned or received by children. List the combined gross income for ALL children listed in Step 1 in your household in the box marked "Child Income." Only count foster children's income if you are applying for them together with the rest of your household.</p> <ul style="list-style-type: none"> • What is Child Income? Child income is money received from outside your household that is paid DIRECTLY to your children. Many households do not have any child income. 	

Step 4: Contact information and adult signature		
<i>All applications must be signed by an adult member of the household. Share children's racial and ethnic identities (optional). On the back of the application, we ask you to share information about your children's race and ethnicity. This field is optional and does not affect your children's eligibility for free or reduced price school meals. This information is requested solely for the purpose of determining the State's compliance with Federal civil rights laws, and your response will not affect consideration of your application, and may be protected by the Privacy Act. By providing this information, you will assist us in assuring that this program is administered in a nondiscriminatory manner.		

Please return the application directly to your child's SCHOOL. DO NOT mail, fax, or email completed applications or questions about applications to the USDA Office of the Assistant Secretary for Civil Rights or your child's eligibility for free or reduced-price meals will be delayed.

LETTER TO HOUSEHOLDS/FREQUENTLY ASKED QUESTIONS - SCHOOL YEAR 2025-26

Dear Parent/Guardian:

Children need healthy meals to learn. St. Croix Falls School District offers healthy meals every school day. Breakfast costs \$1.90 4K-4, \$2.15 5-12; lunch costs \$3.10 4K-4, \$3.25 5-12. Your children may qualify for free meals or for reduced-price meals. Reduced price is \$0.30 for breakfast and \$0.40 for lunch. This packet includes an application for free or reduced price meal benefits and a set of detailed instructions. Below are some common questions and answers to help you with the application process.

1. WHO CAN GET FREE OR REDUCED PRICE MEALS?

- All children in households receiving benefits from FoodShare, the Food Distribution Program on Indian Reservations (FDPIR), or W-2 cash benefits are eligible for free meals when listed on the application.
- Foster children who are under the legal responsibility of a foster care agency or court are eligible for free meals.
- Children participating in their school's Head Start program are eligible for free meals.
- Children who meet the definition of homeless, runaway, or migrant are eligible for free meals.
- Children may qualify to receive free or reduced price meals if your household income is at or below the limits on the Federal Income Eligibility Guidelines.

FEDERAL ELIGIBILITY INCOME CHART For School Year 2025-26			
Household size	Yearly (\$)	Monthly (\$)	Weekly (\$)
1	28,953	2,413	557
2	39,128	3,261	753
3	49,303	4,109	949
4	59,478	4,957	1,144
5	69,653	5,805	1,340
6	79,828	6,653	1,536
7	90,003	7,501	1,731
8	100,178	8,349	1,927
Each additional person:	10,175	848	196

2. HOW DO I KNOW IF MY CHILDREN QUALIFY AS HOMELESS, MIGRANT, OR RUNAWAY? Do the members of your household lack a permanent address? Are you staying together in a shelter, hotel, or other temporary housing arrangement? Does your family relocate on a seasonal basis? Are any children living with you who have chosen to leave their prior family or household? If you believe children in your household meet these descriptions and have not been told your children will get free meals, please call or e-mail **Kay Hansen**, hanseka@scfschools.com or 715-715-2507 ext 1600.
3. DO I NEED TO FILL OUT AN APPLICATION FOR EACH CHILD? No. *Use one Free and Reduced Price School Meals Application for all students in your household.* We cannot approve an application that is not complete, so be sure to fill out all required information. Return the completed application to: **St Croix Falls School/District Office, PO Box 130, St Croix Falls, WI 54024.**
4. SHOULD I FILL OUT AN APPLICATION IF I RECEIVED A LETTER THIS SCHOOL YEAR SAYING MY CHILDREN ARE ALREADY APPROVED FOR FREE OR REDUCED-PRICE MEALS? Please read the letter you received carefully and follow the instructions. If your letter indicates you qualify for free meals, then no application is needed. If any children in your household were missing from your eligibility notification, contact the **District Office at 715-483-2405 or guggita@scfschools.com** immediately. If your household was notified it qualified for reduced-price meals, we encourage you to complete an application to potentially qualify for free meals based on household size and income.
5. DO I NEED TO FILL OUT AN APPLICATION IF MY CHILD ATTENDS A COMMUNITY ELIGIBILITY PROVISION (CEP) SCHOOL? If your child attends a school that participates in CEP, receipt of free breakfast and lunch meals does not depend on returning this application. However, this information is necessary for other programs and may be used to determine if your household is eligible for additional benefits.

FOOD SERVICES

6. MY CHILD'S APPLICATION WAS APPROVED LAST YEAR. DO I NEED TO FILL OUT A NEW ONE? Yes. Your child's application is only good for that school year and for the first few days of this school year, through **10/10/2025**, or when a new eligibility is determined. You must submit a new application unless the school told you that your child is eligible for the new school year. If you do not submit a new application that is approved by the school or you have not been notified that your child is eligible for free meals, your child will be charged the full price for meals.
7. I GET WIC. CAN MY CHILDREN GET FREE MEALS? Children in households participating in WIC may be eligible for free or reduced-price meals, but eligibility is based on income. Please submit an application.
8. MY CHILD PARTICIPATES IN BADGERCARE PLUS OR MEDICAID. CAN MY CHILD GET FREE MEALS? Children participating in BadgerCare Plus or Medicaid may be eligible for free or reduced price meals, but it is based on income. Please submit an application.
9. WILL THE INFORMATION I GIVE BE CHECKED? Yes. We may also ask you to send written proof of the household income you report.
10. IF I DON'T QUALIFY NOW, MAY I APPLY LATER? Yes, you may apply at any time during the school year. For example, children with a parent or guardian who becomes unemployed or experiences a financial hardship may become eligible for free and reduced price meals if the household income drops below the income limit.
11. WHAT IF I DISAGREE WITH THE SCHOOL'S DECISION ABOUT MY APPLICATION? You should talk to school officials. You also may ask for a hearing by calling or writing to: **Craig Broeren, District Administrator, PO Box 130 St Croix Falls, WI 54024 or 715-483-2507 ext. 1401, BROERCR@SCFSCHOOLS.COM.**
12. MAY I APPLY IF SOMEONE IN MY HOUSEHOLD IS NOT A U.S. CITIZEN? Yes. You, your children, or other household members do not have to be U.S. citizens to apply for free or reduced-price meals.
13. WHAT IF MY INCOME IS NOT ALWAYS THE SAME? List the amount that you normally receive. For example, if you normally make \$1000 each month, but you missed some work last month and only made \$900, put down that you made \$1000 per month. If you normally get overtime, include it, but do not include it if you only work overtime sometimes. If you have lost a job or had your hours or wages reduced, use your current income.
14. WHAT IF SOME HOUSEHOLD MEMBERS HAVE NO INCOME TO REPORT? Household members may not receive some types of income we ask you to report on the application or may not receive income at all. Whenever this happens, please write a 0 in the field. However, if any income fields are left empty or blank, those will also be counted as zeroes. Please be careful when leaving income fields blank, as we will assume you meant to do so.
15. WE ARE IN THE MILITARY. DO WE REPORT OUR INCOME DIFFERENTLY? Your basic pay and cash bonuses must be reported as income. If you get any cash value allowances for off-base housing, food, or clothing, it must also be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income. Do not include any combat pay resulting from deployment as income.
16. WHAT IF THERE IS NOT ENOUGH SPACE ON THE APPLICATION FOR MY FAMILY? List any additional household members on a separate piece of paper and attach it to your application.
17. MY FAMILY NEEDS MORE HELP. ARE THERE OTHER PROGRAMS WE MIGHT APPLY FOR? To find out how to apply for FoodShare or other assistance benefits, contact your local assistance office or call 1-800-362-3002.
18. IF THIS APPLICATION IS APPROVED WILL MY CHILD RECEIVE SUMMER EBT BENEFITS? Yes. An approved Household Application for Free or Reduced Priced Meals qualifies your household for Summer EBT benefits. More information is available at <https://dpi.wi.gov/school-nutrition/programs/SummerEBT>.

If you have other questions or need help, call 715-483-2405.

Sincerely,

St. Croix Falls School District

Notes from the Athletic Director

Tara Rose

At Our CORE, Saints Athletics isn't all about winning. We see that in our core values of sportsmanship, leadership, and integrity. Many of our coaches, athletes, and fans exemplify these characteristics, which makes us incredibly proud!

Now onto 2025-2026, where we plan to keep things rolling for the Saints! Fall is coming up fast, meaning school starts soon, and fall sports start even sooner!

***Weight Training Safety & Techniques Class** will be offered once in late August for kids needing to take this class. Please look for the date and time in your email in August. This class is for incoming 5th and 6th graders who haven't completed the course and would like to be able to use the weight room either before or after school during the school year.

Students must have three things turned in BEFORE they can PRACTICE.

1. They must have an up-to-date Physical or Alternate Year Card (copies of both of these can be found on the School District Website or outside the HS or MS offices) - If you're not sure if your child(ren) needs a physical or not, please contact either Tara Rose or Janita Nwachukwu to find out!
2. They must be registered online- directions for this are below.
3. They must have paid their athletic fee.

**Athletics & Attendance**

- Athletes must be at school by 8:30 am and attend the rest of the day in order to participate that day
- Medical Appointments and Funerals are exempt from this rule, but only with a NOTE
- When a parent/guardian calls in to excuse a student, the student is excused for the whole day including activities & athletics
- If you're unsure, contact the athletic office in advance!

Student Attendance & Grades will continue to be a focus this year! A reminder that these are STUDENT-ATHLETES and the student comes first! Students need to be in class in order to practice or play their sports. Students can be gone for school-related functions or appointments, but otherwise, students need PRIOR approval from either Mrs. Rose or Mr. Wilson/Mr. Wallace to miss

school and still be able to attend a practice or a game.

We just ask that students be proactive and talk with Mrs. Rose or Mr. Wilson/Mr. Wallace about possible absences from school. If students are failing a class, they can't leave school during that class to get to sporting events.

ATHLETICS

School Spirit & Sportsmanship: We want to continue to focus on team spirit and great sportsmanship! This means cheering for our team and not against others! This also means being respectful to our opponents (players, coaches, and fans), officials, and game workers!

AD's Goals- As an athletic director, I have big goals for my department, and my two main goals are to prepare kids for their next phase of life and give them a positive and fun experience in St. Croix Falls athletics!

Thank you so much for your support of Saints Athletics! We couldn't do it without all of the amazing parents and community members! We look forward to a great year and seeing you supporting our Saints!

As always, please feel free to contact me anytime with any questions or concerns!

Thank you, Saints Nation

INFORMATION FROM THE NURSE **Hollie Miller**

Immunizations (also called vaccines or shots) are one of the most important ways to protect children from diseases. Immunizations are especially important for school-aged children because children in school are regularly in close contact with others who may be able to spread these diseases. The Wisconsin Department of Health Services (WI DHS) released an official statement regarding updated immunization requirements for children attending childcare centers and schools in the State of Wisconsin.

For the upcoming school year, 2025-2026, all students will need the following immunizations or an appropriate waiver.

4K Students will need the following immunizations:

- 4 DTaP/DTP/DT
- 3 Polio
- 3 Hepatitis B
- 1 MMR
- 1 Varicella

Kindergarten Students will need the following immunizations:

- 4 DTaP/DTP/DT
- 4 Polio
- 3 Hepatitis B
- 2 MMR
- 2 Varicella

7th Grade Students will need the following immunizations:

- All the previously required vaccines, plus:
- 1 dose of Tdap
- 1 Meningococcal conjugate/MenACWY-containing vaccine

12th grade

- All the previously required vaccines, plus:
- Booster dose of Meningococcal conjugate/MenACWY-containing vaccine

Those students who have not received their first dose by age 16 should only receive one dose.

What should I do?

Make sure your child is up to date on their vaccinations by checking your child's immunization record. To get your child up to date on their vaccinations:

- Make a vaccine appointment with your doctor or the Polk County Health Department (715) 485-8500.
- Ask the health care provider to complete the Student Immunization Record form. Return the form to St Croix Falls School, Attn: School Nurse.
- You can also visit the Wisconsin Immunization Registry to see if your child is missing or coming due for any immunizations.

Immunizations are covered by most health insurance plans. If you do not have health insurance, or your health insurance does not cover immunizations, the Vaccines for Children (VFC) program may be able to help with the cost of immunizations.

For more information on the VFC program visit:

Please contact your provider or visit the DHS website for more information on school vaccine requirements. <https://www.dhs.wisconsin.gov/immunization/reqs.htm>

Thank you!

Discover What's New in Community Education This Fall!

Dear Saints Families,

St. Croix Falls Community Education believes that a strong community is built through shared experiences, lifelong learning, and connection. That's why we're working to grow our programming—and we'd love your help.

Kirk Anderson

Do you have a skill, talent, or passion you'd like to share with others?

Is there a class, event, or activity you wish we offered here in St. Croix Falls? We're currently building new opportunities for both youth and adults—and we want to hear from community members, parents, local businesses, artists, coaches, and more who are interested in teaching or hosting classes.

The Vision

Our goal is to make Community Education a vibrant hub for all ages—offering programs like:

- Youth enrichment (STEM, art, music, sports, etc.)
- Adult learning (technology, writing, financial literacy, gardening)
- Fitness and wellness (yoga, walking clubs, strength training)
- Creative workshops (crafts, photography, woodworking)
- Practical skills (CPR, cooking, home repair)

If you've ever thought, "I could teach that!" or "I wish we had that here," — now is the time to bring it to life.

Let's Create Together

We're looking for:

- Instructors with experience or enthusiasm
- Program ideas from anyone in the community
- Partnerships with local organizations and businesses

Whether you want to lead a one-day workshop, host a weekly class, or simply suggest an idea — we'd love to talk!
